

I deliver this dream in the Name of Jesus Christ. It is a warning and a call to pray.

The Gerald Ford & the Gulf dream 3-23-26@6:06 AM

I dreamed again, my lovely Jesus Christ and it discerns true from You. There was such an urgency to the dream Lord Jesus Christ that I'm writing it out fully now. It was only a short dream. Sweet Holy Ghost Spirit don't let me write one word that's not from Father God, Jesus Christ or You in Jesus Christ's Name I pray and ask." "I won't, Daughter of Zion, now write."

It began when I was in a laundry room doing laundry. I left from there and felt like I needed to take a nap. I laid down on the loveseat and quickly fell asleep in this dream. Suddenly, I woke up almost in a panic and with a great urgency I was yelling, "I saw two large ships! Two ships in the water. It's two American warships. One of them is going to be struck! I paused long enough to get my breath, then I yelled out, "Gerald Ford, Gerald Ford in the gulf, in the gulf." Then I woke up. The urgency inside this dream is still with me, and I distinctly said, in the gulf not the Gulf Coast, but I'm seeking Jesus Christ still further on that. Please try, test, and discern this dream in Jesus Christ's Name. I release it in His Name because it still feels so urgent to me and this is what He's leading me to do.
