

I Take Your Underground Luxury Cities 10-17-26@2:07 PM

"Daughter, I would like to speak with you." "I'm listening, Lord Jesus Christ."

Daughter the time has come, the time of the era of the beast, of the antichrist begins. I warned this was coming and I had Gabriel to announce this time preceding his coming. Now the world has no more time left.

Macron, the antichrist, is fully ready to step out. The world is not ready for his rise to power, although many think they are. With many of the people and inhabitants embracing him already and aiding in his rise to power.

Yet, greater still, they are more, less prepared for the time of my wrath, I am preparing to release upon your world.

In the coming days man and the inhabitants, those considered beneath them by the upper and so-called elites of your world and their knowledge of things and happenings shall find themselves thrown into a life of chaos and a world few will recognize. The time of the beast, the man of sin has arrived in your world Daughter.

Plans are already in motion to topple the hindrances and opposition to the man of sin's rise to power. The underground vast cities of luxury are ready and are now being stocked with the final necessities and wants.

As I have shown you Daughter, these underground locations in many places have high-rise buildings, coffee shops, stores that are stocked well in advance and with more than what's being offered to the general public above ground. These locations are forbidden for the common people and the inhabitants above ground to gain access to..... They think!

They have built these places and vast locations inside the Earth and under the seas, the oceans deep with the false security and guarantee from the fallen ones they will be safe. That I will not make good on My Word that I am reclaiming the earth below and below the waters. So they keep stocking and building.

They have assumed wrong!

When the great earthquake written about before My Great Day begins and occurs, I shall take out most of these, except what I determine is needed and as one location is no longer needed I shall lock it down or destroy it also.

Judgment comes....righteous judgment in swiftness of commands by My hands.

While the upper leads, the fallen ones, nephilim, the human agents, and slaves needed to aid them are in the process of moving below the Earth, and waters, many in the public view will have doubles, duplicates of themselves appearing as they prepare for their own safety. Because

all those in the inner circle of the fallen ones needed for antichrist's reign have been given the warning, it's time for nuclear happenings and the 3 Days of Darkness too, above ground.

While they are below ground setting up their designer homes, the people and the inhabitants of the world are being made to endure so much evil by their hands. They expect the lower level of mankind as they call them or the sub-servants and cattle of life, to endure the nightmare and horrors of all that's coming. All planned, to reduce the population, to hopefully remove the last remnant of My believers before any of them start returning full time to the Earth's surface.

These things shall not be!

A handful, a mere handful of all that's needed will be all that's allowed as I shake and quake and rock this world so their underground cities, facilities, homes, temples, bunkers, food storage, and water supplies are destroyed, forcing all who survived to go above ground. If they want to live, they will do it in the same condition as the rest of the remaining inhabitants of the Earth and do it side by side with them.

This is fair!

This is just!

This is righteous!

As I have said and pointed out many times, it is father and I who own this world and all that's inside it. This is how it will be. All life will be founded on land. Even the places of life in the sea will be on Islands resurfaced, and some of old.

Nothing shall remain in the heavens but a few satellite balloon systems for war and antichrist's reign.

Nothing else remains that I did not create. I created the sun, the moon, and the Stars. Watch and see, I say, watch and see, world, Oh, watch and see.
