

Targets of War in US 1-25-20@3:38AM Journal Entry

“I’m here God, I give You praise for all things both big and small for You are a good God, gracious and kind in all Your ways. Though I have my moments of life within myself where I become so overwhelmed but all in all even then I know that I will still trust You until the day I die or I get to see You, Jesus as You come back for me and the rest of Your beloved bride. The verse You gave me last night Proverbs 24:10 really struck me. It reads, ‘If thou faint in the day of adversity, thy strength is small,’ and I realize if I try to do all these things within myself in my own strength it is small and it shall fail. This is why I am relying on You and Your strength. Then this morning I read a little further down to verse 16 which reads, ‘For a just man falleth seven times, and riseth up again: but the wicked shall fall into mischief.’ Last night God, I allowed myself to become overwhelmed and this is a luxury that I cannot afford to do so please help me, Jesus, not to do this again. I know that You’ve got this and in ways You don’t always let me know. All that I have been able to say is, ‘Let God be true but every man a liar.’ and ‘though He slay me, I will trust in Him.’ I am praying and praying often, though not always on my knees.”

“This is My heart for I love all men deeply and passionately and their souls are precious to Me. It is not My desire, My wish for any to perish but that all would repent and come to Me so that My sacrifice for mankind is not in vain. It never truly will be for there are those who will still come but not as many as I desire. I speak no word idly for I hold within My voice the power and ability to create and even My spoken Word that I have given unto man in the form of a book, in My Holy Word, it is alive with the breath of My Father God. It is as I have told, an alive, active 2 edged sword to be used by those who love and serve Me for all their needs. So, when I tell you Child, that war is coming to your nation and the nations of this world, then it shall happen.”

“Time is dwindling down and the last period of grace brought about by the prayers of My beloved saints in times past is about to expire and the earth shall no longer dwell in peace but in war. It is inevitable, Child, for man’s sins are many and he holds within him that of an unrepented heart for all that he has done and all that is still yet to come. They are for the most part led by the lusts of the flesh and the desires from within their hearts. The heart, when not filled with My love is deceitful above all things and has caused many, many of your great men, great people to fall into its deceptive snares. Your leaders of your world are being led by lucifer, the devil to the brink of madness, for war holds no peace within its wicked, evil grasp and as these leaders continue to play with the lives of their people, the madness of war, the rage and hatred toward each other continually grows as mistrust, doubt and deceit eats at their very soul. The thirst, the quest for power, for more control is driving these individuals to produce and manufacture these weapons from the nuclei that will be unleashed upon each other's countries. It is the people, the civilians as you call them who will pay the harshest penalty for their inability to get alone. As the leaders of each government sit behind their walls of concrete and steel in their underground bungalows, it’s the people who will feel the effects from the devastating weapons upon them.”

“Many, many people shall perish but the earth shall not be destroyed but she will be badly shaken by the impact, the force from these weapons of mass destruction. Look for the state of Texas to be targeted for its production of uranium products when this war of nations begins after the bear joins with Persia.” “Is there more, Lord?” “Yes, Child, for the state of Ohio will be targeted for its ability to supply natural gas to your people along with Oklahoma and even

Louisiana. When this war begins they will use their first strike to try to paralyze your nation. They will strike the Y-12 facilities in Oak Ridge, TN. to stop your nation from having the ability to produce weapons made with the nuclei. They will not only target your Capitol city, but will also attempt to take out your power plants in various locations even though those areas affected by the EMP blasts from the weapons of the nuclei shall affect the power of many people that surround the area already. Look for New York's power plant to be targeted as well as Arizona, Florida and even Georgia to name a few, but not all targets will be a 'true' strike. I shall allow some areas to maintain their precious power."

"These things must needs come to pass but realize Child, that your weapons shall have pretty much the same effect upon the countries your weapons shall strike, because war shows no mercy to anyone. Your oil production in your country will all but stop for Alaska will not alone be able to supply the demands of your country's needs. Again, I tell you these things not to cause fear within you, so that you can prepare. When you live on the coastline and the weatherman tells you a storm is coming, what you call a hurricane, the people, for the most part, will begin to make preparations. They will buy food and water. Some will buy gas and generators for man prefers to live with his modern day conveniences and many will even buy the necessary supplies to board up the doors and windows in preparation for the storm to come. Child, America is about to face one of the biggest storms of your lives. The only thing worse will be the time of judgment still yet to come. I tell My people it is time to prepare. Prepare yourself and get what supplies that you can, but mostly My Children, I am telling you to prepare your hearts. Repent and come to Me and let Me wash your sins away making you clean and holy before My presence. Do not fret Child, over all that is to take place but pray Child, pray for those that will perish, for them to have opportunities to come to Me and be saved." "I understand, Jesus, is there anything else that We need to discuss this morning, because only You contain this knowledge. I know nothing on my own or within myself?"

"Yes, Child, there is. There are still things that you will need to know to be able to survive, to endure this war of nations." "And what is that Jesus Christ?" "Child, one must also, as I have instructed you to be prepared for the times of cold weather having at least one good heavy coat, one good pair of durable shoes, and you will need plenty of blankets. Some will be without power for an extended period of time more so than others and it is easier to endure the times of heat by removing a layer of clothing than enduring the cold without any kind of protection." "So is the actual strike going to take place during the winter?" "Child, that is not what I have spoken. Do not assume anything but always expect the unexpected for surely this is the way to be... to live." "I am trying Jesus." "This I know Child, for I see all, hear all and know all. If you follow the leading of My Holy Spirit in all ways, in all things then you shall not fail. I tell you these things to warn you and not to cause fear."

"I warned My people Israel and Judah of the oncoming siege, the battle by Babylon by My servant Jeremiah. I have always sent prior warnings to My people, to try to bring them back to My loving arms, for I am your Creator, God of all that you see and even that which you cannot. I change not! I will always be as I am now. I will never get better and I am incapable of getting worse. I do not have bad and good days as you do here on earth for one day is as a thousand years here in Heaven. Child, you must warn the people but mostly you must pray for them and pray for them all. It is necessary to reach out to the lost, the hurt and the dying, to see the lost

saved above all else. It is My wish, My desire that no one perish but that all return to Me and accept My offer of Salvation, free to all who will come and I, Jesus, will wash you and make you clean. You will find peace through Me even during this war of nations that is upon you. I am calling My people to come together and pray and even though war will not be stopped this time, your prayers can still make a difference to all involved. Even through every situation that presents itself to man. Trust Me in every situation and I will once again be proved Faithful and Just for I am God and I cannot lie.”
