

## **I Say, Checkmate, lucifer 1-19-26@6:59 PM**

This word was shared after, “The Black Cubes of Time Dream 1-14-26 to 1-19-26 Shared 1-19-26.” It doesn’t have a separate video.

This dream of the seven black cubes shall expose the kingdom of darkness most valuable prized possessions. These cubes are worshipped as symbols of ultimate power. I'm about to show them ultimate power.

Time is unraveling daughter, the threads holding them together I have commanded to disperse. There'll be no more tracing of timelines or looping, no more manipulations into the timeline of Earth's remaining time. All the kingdom of darkness shall know that's really the truth, is by what's found inside My Written Word and what's being shared by My true prophets, servants, sons, and daughters in Me. I shall cause their glances and glimpses into the future that the enemy, including mankind of the elite status have seen, to change so they will have to face the uncertainty of what lies ahead like the rest of the world.

I purge from the world from man's minds, from all machines, from technology of all kinds, from knowledge written and spoken, from text, to hard drives, hand signals, databanks, from demons and nephilim, and fallen angels alike, all records and proof of glimpses into the future of earth and its past. You, kingdom of darkness, will live as the rest of the world's inhabitants inside this firmament shall do without any future knowledge, except what you gain in a day by day, situation by situation, day and night in My created firmament.

Predictions given in your ugly sitcoms shall prove false, and your ipet goat shall be showing nothing but wishful thinking. As I remove and create new truths for that which you displayed in plain sight, but in hidden code for the world to see. I turn the tide again this time not for My bride, but for those left behind. Now in addition you will have to work your beast system network overtime, as I expunge from all the ai type demons and such like, all records of those who are Mine, but also those who are yours. Now you will have to earn your reward as ruler through antichrist, oh man of sin and lucifer's kingdom, with no record of any kind in your possession inside the firmament, even with your superior technology.

I have leveled the battlefield grounds and rules of engagement for those of Mine that find themselves left behind, on a more even ground, so that they are not all immediately picked up and massacred secretly, even before your beast mark is fully given to all. In this round lucifer, on behalf of My children I declare, “Checkmate, you lose! Your queen called information is dead.” Now daughter please share this after you release the seven black cubes of time dream. I will my Love, I will.
