

## War Preparations 1-3-20@4:56 AM Journal Entry

“Tell My people to prepare for war. To get on their faces and cry out to Me and I will lead them in all that they shall need to do to prepare for war that is coming, that is fast approaching to your once great nation. All those who scoffed at the impossibility of war coming to your once great nation, to America, shall be taken unaware and be totally unprepared when the time comes. I have seen the questions in your heart and that of your friend, ‘What and how do we tell the people to prepare?’ I say this unto you, ‘Prepare as if you are facing a disaster for you are!’ Think smart when you prepare for some areas will be more affected than others, and some areas will have brief periods without electricity and no electricity. For most people this means no water. Every man, woman, and child needs water to survive. Without your modern day conveniences man’s life will be full of great hardship for even your ability to keep items cold will no longer be available unto some.” “God there is so much needed and so little time to prepare. What must we do?” “Prepare now child, for tomorrow will be too late for some to prepare. As the war progresses, necessities shall become scarce and the cost of these items shall become at great cost. Whereas what little money that you have will not go very far. That’s why it’s necessary to already have them in your homes. Medicines are necessary, for traveling back and forth over a period of time will become more difficult and if you are able to get to a doctor or a physician, you may no longer be able to afford his fees, his cost.”

“Child, I see still within you the question of just what kind of things will I need? If there is no electricity in your area, then you will need sources of light. You will need water and food easily maintained and stored but think smart Child, when purchasing something for if it is stored on a shelf but is stored in your cold boxes upon opening, then you do not need to buy it. You will need a way to turn on your light source whether it be by fire, or your man made batteries but you will need a lot of these items.” “What else God?” “Child, it would do well to have a good warm coat, a sturdy pair of shoes for each and blankets should your power be off in the winter season.” “What types of medicines or supplies like this do we need?” “Child, your modern day medicines hold much for the people. Get things that will clean and disinfect a wound, bandages of sorts, and your ointments and creams that fight the infection of a wound. Child, I have given each man a portion of what man calls common sense. Now is the time for man to use it. When buying supplies, think quantity. For example Child, instead of buying the wash you love so much for your body, buy your soap in bars for you can get many more of them for what you pay for one bottle of the other. Look for ways to charge those items you need charged. so that you can stay abreast with news. It is not for Me to tell man every single thing he needs for I have placed within him a mind to think for himself but if he seeks Me and My ways, My Holy Spirit shall lead him what and where and how much of something to purchase. Do not let this information overwhelm you Child, for I am God and I am in complete control of each and every person on the earth. I already know those of mine who shall heed My warnings.

Child, even in times of great distress in times like these where war is inevitable, you must seek Me first above all else. Study My word and study it often and I will be with you and My precious Holy Spirit shall lead you. For those of you who still have no idea what to do, then look and research what happens during a disaster and this will give you a beginning, somewhere to start. But if you refuse to heed My warning then you will find yourself in dire need and no one willing

to help without the necessary supplies, water, and food that will make surviving this war possible as it progresses. Does this answer your questions Child?"

"Yes, God, it does. I just want to thank You God, for You always know what I am thinking in advance and the majority of the time You give me answers to my many questions." "Yes, Child, I do, for it is not always necessary for you not to know the answers to the things within your heart. Yet there are also times when the answers will be held from you for your own good and the good of others. I will protect those I love. I will not deceive you with a lie. For there is no guile or deceit found within Me therefore I am incapable of these acts. These things that are necessary for you to know, you will be made aware of them at the precise, designated time ordained by Me, Child, for I am Jehovah God, the Creator and I hold time and destiny within My powerful grasp. Yet Child, I am still capable of being small enough to dwell inside of your heart when you accept Jesus, My Son into your heart. Remember, Child, though many things may appear dreary and cause some dismay, keep your eyes focused on Me and your joy will remain full even during these times of war that you are all facing. Remember also, to tell My people to think smart and in most cases quantity over that of a name brand item." "I will God, I will." "Yes, Child, you will. Prepare this prophecy immediately and get it uploaded for the people need this information to start their preparations. For war is coming to your nation and as the other nations who no longer consider this nation a threat anymore, they will soon unite against your once great nation. Slowly one by one, they will come."

Philippians 4:19 But my God shall supply all your need according to his riches in glory by Christ Jesus.

Genesis 41:34-36

34 Let Pharaoh do this, and let him appoint officers over the land, and take up the fifth part of the land of Egypt in the seven plenteous years.

35 And let them gather all the food of those good years that come, and lay up corn under the hand of Pharaoh, and let them keep food in the cities.

36 And that food shall be for store to the land against the seven years of famine, which shall be in the land of Egypt; that the land perish not through the famine.
