

### **Time To Pay The Bill 5-2-20@5:13AM Journal Entry**

“Lord Jesus, I was reading in the book of Ezekiel in Your Holy Word, the Bible again this morning and I found myself reading where Ezekiel in a vision from You God, saw a hole in the wall. You instructed him to dig and when he did a door was revealed and upon entering, he witnessed the idol worship, the idolatry of Your people. Even these acts performed in secret to their strange gods. As I was reading, I heard You say into My spirit, ‘Nothing is hid from Me. I see it all and all shall be revealed.’ As I was reading the last verse where You told Ezekiel that they provoked You to anger and You tell him that You will deal in fury. That Your eye shall not spare, neither will You have pity and though the people cry in Your ear with a loud voice, yet You will not hear them. This is my concern. How long until we, as a nation, get to this point? For You have been trying time over time to get us to return unto You in true repentance and the majority of our people has paid very little attention. Again God, how long until we’ve reached what I call, The point of no return?”

“Child, there will always be hope for even during the time of judgment when the full brunt of My fury is unleashed upon your world, I have allowed the door of Salvation, though it’s closed to a crack, it will still be open so that those who are drawn by My precious Holy Spirit can still receive My Son Jesus into their hearts. But yet still even in times past when I do reach a point to where I shall not be swayed by the cries of the people, there is always My remnant Child. My faithful few who even in times of great apostasy among My people, they are and will always be faithful of heart and I shall hear their prayers, their cries. But remember Child, My response is not always, ‘yes.’ I alone know what’s best, what’s needful just as your earthly fathers, ones which truly holds love in their heart for their children know that correction at times must be brought forth and given to their disobedient child no matter how much the child cries out and promises to no longer do these things again, for it at times, takes the memory of the administered punishment to keep that child from making the same transgression over again and again. This is the same for My people. So when I tell you Child to no longer pray for this war of nations to be stopped, this is exactly what I mean.

The course of mankind as a whole, has been called forth and set into a forward motion once again, no longer paused by the periods of grace that was given to your nation through the prayers of My former, prior saints. Prayer does change things, for your prayers, when prayed earnestly with sincere hearts through My Son Jesus’ Name can cause Me to move on your behalf. Even rearranging circumstances to better meet your needs but when you truly study My Holy Word, you will find instances of examples to where I continually called out to My people to repent, sending warning upon warning even for years of your time to no avail. The majority of the people did not heed My words of warning through My servants and after I reached My ‘done’ point as you say yourself so often Child. Then the coming judgment shall be allowed to come to pass. When I’ve reached this point, then your cries to stop or to stay the impending judgment will no longer be acknowledged! It’s like your, now a day bills Child. In most cases, you have a time period to pay your bill. Most even have a grace period, an additional allotted period of time given to you in good faith to allow you to pay your bill before you have to endure the penalties for non-payment. If and when you go past this grace period, then you will be made to pay, in most cases, interest, which is the ‘penalty’ you must pay for not following the advice given to you on how to pay your bill without accruing extra payment.

So many of your people today, not just in your country, they have already past the grace period and the interest is collecting and adding up against them as each delay adds more to their unpaid account. Your world is now being made, forced to make a payment, for just as your bill collectors will administer the means necessary to obtain their payments, whether it be through phone calls, mailings, or even through garnishments to your paycheck, I have made every attempt to have My people return back to Me. Even allowing this pandemic to hit your world and yet still very few have returned back to Me, so now your world will have to endure this war of nations, followed by famine and then the end time judgement. All these things I have been warning through My people and even through nature itself. Have you not noticed the increase in what you describe as natural disasters?" These are just the beginning, Child, the start of many sorrows and woes that are to come to pass upon your world. When this war of nation begins and your world leaders realize in horror the realization of what they have done to your world, some will truly repent. While others shall use these strikes to start an invasion upon your weakened nation for it is your nation, formerly under My protection and favor that for many of your years has held the lofty position of super power and your country of late, as well of your president has created distances between many of the other countries. Many who are supposed to be your own allies. When this war of nation begins and it shall Child, for it shall not be allowed for it to be stopped or paused for no more delays are going to be issued, then all will see that My words are true.

Child, I being God do not have to let your world know what is going to take place upon your world for I am your Creator. Does the Creator have to inform His creation what He is going to be doing? I tell you these things out of My great love for you, mankind. I am not a cruel Master like that of your true enemy satan." "I understand this Father God, for I have found that You are a kind God full of great mercy, love, and compassion for all not just Me, My family, and friends, but each and everyone of us and I am thankful and grateful to You. Nothing is impossible for You to do except You do not have the ability to do anything that goes against Your divine holy nature, for there is not, nor will there ever be any sin found within Your holy being." "You are correct, Child, I have not forgotten My promises to any of My beloved Children for I am all knowing, but you must always keep in mind, remembering always, that My timing is not necessarily your timing." "Then why give me actual dates? Why not just say 'in this month' or near such and such time?" "That is not My way Child, for I work in truth. But what you must remember is that many times, events in your lives will be set into motion on the train tracks of life and just as a train has the ability to switch tracks by a flick of a switch onto a different track, such is the way of man's life. He has been given freewill and although I already know in advance what every decision he will ever make, I will still allow him, just like the train, to stay on this set course right up till the moment when a decision is made and the course is changed, a decision which I have already compensated for, to allow My divine will to be accomplished upon the earth. Man must be allowed to make his own choices for even when My Holy Spirit is leading you, you still have the option, the choice whether to follow Him or not. For freewill is a gift from Me, to man setting him above all My other creations, but Child, you must always remember, I shall go to great lengths to reach just 1 soul, moving even all of Heaven and earth if necessary, for such is My love for all mankind.
