

The Darkness, Pi 88, Charlie Kirk & Mustard Gas 7-31-26@11:56 AM Shared 8-5-26

"I'm here my lovely Jesus Christ, my Love I'm here."

"Daughter, Daughter the love of My heart, I come for My children in the beginning of the new day dawning, but also as I did for My Crucifixion and Ascension from the grave, the tomb. It's almost time Daughter. Daughter, it's almost time."

"The time has come to your world. The darkness descends, but before this event Daughter are the nuclear devices installed by command of the man of sin in his Pi 88 packages of the nuclear sort that the sleeper cell Iranians already have in their possession. They shall now be allowed to detonate, all three. Hearts have grown cold and lax, because they did not detonate right away."

"There are many activations by the frequency sound generator programmed into the software of many of the satellites in the lower heavens and where the true majority are located inside your newer constructed 5G cell towers. Also being upgraded in the world's eyes to 6G, but in reality it's 8G. They're trying to do all the changeovers before the darkness of 3 days falls. They will fail."

"The one such activation many have seem to have forgotten, or have dismissed My words as false that I have warned about is the activation of the biotype, mustard gas weapon released during antichrist's first martyrs funeral. The gas itself is in liquid form daughter, placed inside the nanotechnology waiting to be activated. This time it's now too!"

"During the martyr's funeral there was much smoke released in its garish display, paraded by the enemy for this man who died for My Namesake. The first, I say again, that will be counted as a martyr under the man of sin, the antichrist's rule. It was inside all the smoke released and other contributing factors that this loaded weaponized smoke was inhaled by most who attended this martyr's funeral. The enemy must activate them before the darkness of three days descends, otherwise their frequencies programmed into the nanotechnology will be useless."

"Daughter, many say this martyr is not dead. Many say he was really a traitor to your country and he was abducted and taken to an island, imprisoned, tried, found guilty, and put to death for treason and other charges by your nation's President Trump in a sting operation as your world calls it where others have been removed, sentenced to death, and even replaced."

"Lord Jesus Christ, I have heard rumors about Hillary Clinton and others being done this way, but not the martyr. You are talking about Charlie Kirk, aren't You? I saw him die. You showed it to me and called him antichrist's first martyr for the end time days." "Yes I did Daughter, and yes he is. Yes Daughter, you did witness his real death. Charlie Kirk is dead by the hand of antichrist himself."

"What most do not realize is that Charlie Kirk was speaking out against those in Israel who belong to the synagogue of satan. Not My real children, but those who have come in as wolves in sheep's clothing to bring in for the antichrist and Noahide laws. So, My children, the true

Christians who have accepted Me Jesus Christ into their hearts can be terminated, beheaded for their belief in Me under these laws."

"Your evil nation of Babylon-America is aiding this openly, yet few have researched this out. But so few will study the very word I've given them, so this is how the slothful, lazy, and compromising do."

"It was during his funeral celebration, these things were released. Those in positions of power upon leaving the ceremony were taken to secure areas. Some in their own residences had the nanoparticles and bots removed by electronic means removing and flushing their systems free of these weaponized mustard gas bots."

"When the frequency is generated and sounds all over the world, it will cause many to get sick and many to die. The purpose is to generate fear and terror. With all that's already occurring in the world with the war in Israel with Iran, and the war at the Hormutz Strait including Babylon-America and Iran's war against one another, many tend to forget that the war still rages in Ukraine and Russia. Fear, fear is the goal of the enemy. Fear of all that's coming."

"Faith is the opposite of fear. Fear terrorizes and torments. It's a manipulative spirit. There are many demons of fear running rampant in your world. Faith, faith in Me, in the power of My Name triumphs over fear. Perfect love casts out fear, My Word says in one translation. What does this mean? I am Love Daughter and you're given power through Me."

"Love itself can cast out, cast down, drive out forcefully every demon from hell trying to torment, manipulate, or destroy you, if you have faith in the power of My Name and all I have done for you. Love triumphs! Love conquers all, even fear because I conquered all for My children."

"Remember this Daughter, and pray for those that in a moment's notice will have to go through some of the horrible effects caused by such evil weapons of mass destruction that you, yourself have already experienced and lived through. In all you have experienced at the hands of your physical and spiritual enemies to purge and refine you, to immunize your physical body and mind against such horrible weapons, you know also how to pray for those who will soon experience the same horrible pain and effects."

"Daughter, put on your sackcloth and ashes and pray for those of Mine who shall endure these such like things and do it now, and I will lessen those of Mine's affliction and pain when you pray with precision against all you have learned of these evil agents. The chemical, the nerve agents, the blood agents, the blistering and coughing agents and so many more you have raged war against in your body since 2020."

"I told you Daughter, the witness cannot die or any other created person of Mine until I say. Many of the murders that occur by the enemy are the murdering of their own nephilim children or those loyal to them to further their kingdom."

"Those of My children that do not know their family and friends are human agents, or even nephilim, some even fallen angels that will fake their death, to have My children's lives purposely destroyed by this just to further their evil kingdom, but ultimately it's to destroy the child of Mine. They will plan years in advance to do so even before a child of promise is born."

"I was, and am, an example of what happens when the enemy realizes there is a promise of My Father, a call on your life, Herod tried to kill Me as a child. So this is not a preposterous thing I speak of. How many male children were slayed to try to get to Me? Again though, Daughter, unless Father says, those that are created by Him cannot have their life ended unless He gives the final say. For death and life are in His hands, His commands and Mine as well, for I do My Father's will alone."

"Now Daughter hear Me and understand."

"Evening shades have fallen past the time of returning. All shall move forward into the new Day of Wrath and tribulation. It's within the quarter, not without what you seek for. The start of all these things." "Which start, Lord Jesus Christ? The mustard gas activated? The pie 88 antichrist nuclear packages to go off? The 3 days of darkness' descent? The 10 hidden suitcases with the rogue nuclear devices that come later?"

"Daughter, a creation's day covers your 2 days in your nation. My creation days run from sundown to sundown. So, therefore, so does a black moon and the full moon. It's within the quarter and not without, for at least one or more of these events. Seek out My truth. Don't trust man's science or dates. Go back to what I taught you, then discern what you learned. Then Daughter, then you will have your answers."

"My stars, My heavens are for signs, but not the zodiac kind." "I understand Lord." "Yes, Daughter you do."
