

Putin's Missiles and Subs 3-23-20@5:46 AM Journal Entry

“Forgive me Jesus, for not getting down on my knees this morning but my body is in much pain so please just listen to my heart once again.” “I am Child, and I do quite often for within your heart I can find the truth of where your love lies and yours Child, lies within My love, My arms this morning. Child, you have to trust Me in all things even in times of illnesses, in times of peril for I am your God Child and I will not forsake you nor abandon you.” “Thank You Jesus, thank You so much for reminding me of Your great kindness, compassion and love for me. I am struggling, struggling much in my body this morning and I know that You are aware of this. You are all knowing but just knowing that You, the God of all Heaven and earth loves me so much that You are willing to come down out of Your Holy of Holies just to be with Me and to spend precious time with Me, thank You, thank You! I love You so much and even though my body is in pain, my mind is crystal clear, even sharp, at least in the things concerning You it is. You have been and still are so kind to me.”

“Child, you must always remember these things, I am God! I am your God! I cannot fail! I am always, always with you no matter where you are. I am your constant companion and I, I hold it all, every person, every creature, all of creation within My hands, yet I will never, never be too busy to come down and speak with you and spend this precious time with you. This Coronavirus, now also known as Covid-19 and this war of nations that is almost upon you have all been allowed by Me for mankind shall all know that I am God and I am still very much alive, for I have not stopped being God because they have stopped for the most part believing in Me.” “Lord, thank You for watching over my family and friends not only during times like this for they are calling the spread of this virus a pandemic. It has reached, as You have told me, worldwide and almost every country has cases of it.” “It is as I have spoken, Child, but now there is need for us to discuss this war of nations for Child, there is much still yet to reveal to you. It is time for ‘games,’ for playing at being My child is over! It’s time to get fully in or fully out for I am calling My people into war. This spiritual war that has been raging for centuries of your time, I am calling My people, My true church to awake from out of your sleep for the time to slumber is no more.”

“When you are having to endure the physical hardships of war and its many horrors, it is through Me, through My strength that you shall be able to endure. If you are still sleeping then how will you hear the voice, the leading of My Holy Spirit? When the war of nations begins it shall rock your world causing disbelief and widespread horror and panic as the people, all the people of every nation begin to realize their greatest fear has come to life. For although man has played “god” as they created their many weapons, those of biological, chemical and with the power of the nuclei few hold within their heart the ability to release the power of mass destruction upon your world. Although I have given you many signs and warnings of what was coming to pass, these weapons, these missiles with the power of the nuclei shall strike your unsuspecting nation. Putin shall fire many at your nation, at the eagle and although not all that he launches shall reach your once great nation, there shall be some that shall break through your defenses and strike your soil. Yes, Child, as you have learned yesterday Putin, Russia the bear, they have hidden deep within the waters of the deep their underwater vessels armed with the power of the nuclei also which will allow him to strike fast and with little warning.”

“Child, you will not be able to verify everything for it is as I have told you a walk of faith. Mankind out of the wickedness and evilness of his heart brought on by living in sin, out of the evil intentions of their hearts through the guidance of satan their master have learned to create these weapons that are meant to wipe out and to destroy large amounts of each nation’s population, With each weapon created, man’s thirst to dominate, to control, to be in power grows until it consumes the hearts and minds of your leaders which can spill over to each nation’s people as well. For when evil rulers are in power then evil abounds among their people also, but when righteous people rule in positions of power, then My love, joy and peace shall also abound for I bless and favor all who love and serve Me though not necessarily in your finances. I can cause your land on which you plant your gardens to be fertile and to yield abundantly. I can cause your family life to be filled with love and not conflict, yes, even when you have teenagers. I can cause your land to be a land of plenty, but I can also remove all these things when My people forget who I am and choose to serve their idol gods and walk in the lusts of their flesh.”

“Child, I know it sits heavily upon your heart and mind that this war is coming and it will not be stopped and the loss of life will be way in the millions, yes, Child, when it all settles down and the weapons of the nuclei have been released upon your earth, those that I have revealed to you, so far, the loss of life shall be many Child, so many! Stay in My word, My will and My ways for your life and I shall continue to be with you always even unto the very end.” “Thank You Jesus for this.” “You are welcome, Child, you are much welcomed.”

The EMP Blast 3-24-20@4:03 AM Journal Entry

“Lord Jesus, this is only a brief glimpse into what is about to take place in our nation and across our world. It’s not going to be good, is it Lord?” “Child, your world is about to enter a period of time like no other. Although you have the ability to speak to one another during this time of distress upon your nation, your world, when this war of nations begins and their weapons of the nuclei have been detonated upon your world in its various locations, then most of your electronic devices shall no longer be in operation.” “If this EMP blast occurs when these nuclear weapons strikes, I have read that it can take out or knock out however you say it in great distances, anything with a circuit board or run by electricity. This EMP blast can affect the bigger power plants that feed our smaller locations. Show me how, if You don’t care, how all these things come into play.”

“Child, there are many things that your mind does not understand or comprehend fully about all that is to occur. This EMP blast shall cause your electric devices, your lights and even some of your vehicles to stop working but Child, do you not think or realize that I have the ability to protect the power supplies if I so choose? Child, I am God nothing is impossible to Me and I, Child, am the God of impossibilities! All these details, these preparations have already been made in advance. All that I have spoken to you, the path for your life and for your world is laid out before you and what all must do is walk in this calling that’s been ordained by Father God and Me as the scenes of life unfold before you, before you all.
