

Deception of the Iranians & Trump Dream 4-18-26@1:13 AM Shared 4-23-26

"Jesus Christ my love, I've tried, tested and discerned this dream, as well as others have, according to your Holy Word. I'm writing it out, although I'm not sure if it is to be shared yet. Please Holy Ghost Spirit of power in Jesus Christ's Name don't let me write one word that's not from Father God, my lovely Jesus Christ or from You." I won't Daughter of Zion, now write."

I went into this dream hearing these words from my lovely Jesus Christ.

"I have children, sheep all over the world, even Iran. But beware of those who serve allah will not tolerate anyone worshiping any god but him. They will not coexist, nor do they come to a land to coexist with anyone that serves any other god besides allah. They are not coming to be friends, but to cut off the heads of all who will not bow to allah. They are inside your nation's walls Babylon-America, but many, many other nations as well. At the appointed time, they will begin rising up in nations all over the world and systematically, while presenting a facade that they love all people, began chopping off heads. This Daughter of Mine is the deception of Iran, of the Iranian people and government, and those loyal to Iran."

I'm sitting at a table looking at the screen of a computer. Being displayed on it was a Lego animated movie. There were Lego figures that were extending out their arms as if in an act of kindness. There in bold letters were the words, 'We're your friend America. We love you!' I saw the Lego people as dark haired men; they raised their hands out further and over, what looks like a dividing line. On the opposite side of the line were other Lego people that I knew somehow represented Americans. I didn't realize the first set of Lego people were Iranians at first until I had the understanding that this is who they were. "It's another Iranian propaganda video," I said with disgust. I could now hear the video playing a catchy tune being sung. I looked down to read the title of the video being played. It was called, 'We love you America!' I watched as a counter underneath the video that was keeping track of how many people were watching it continually seemed to flip numbers. There was a steady flow of increasing numbers of views. I looked back up to the video playing on the computer screen and saw now it was depicting those in positions of power in America as really being the evil ones and not them. Is as much like their Iranian propaganda Lego videos are doing in reality.

"Ah," I said out loud, "I see they're displaying some truth, but also with deception. Yes, our nation's leaders are evil. That's what people get when they refuse to repent of their sins and serve Father God and Jesus Christ, well continually sinning..... Evil, wicked leaders." I quickly looked around the room and saw that I was alone. "Lord Jesus Christ, I make it a point not to watch these Iranian Lego videos unless I'm told by You or Holy Ghost Spirit like You did the two that had the Statue of Liberty being destroyed by Iranian missiles. How quickly the people seem to forget the first videos were about the destruction and devastation of America and now everybody wants to believe the lies that many of them do not want to destroy us as they keep making one entertaining Lego video after another, "I said quietly out loud. I continued speaking out loud once again to my lovely Jesus Christ. "You have repeatedly told me these videos made by the Iranians do tell a lot of hidden truth, but they are also made deliberately entertaining so they can manipulate the minds of the people in America and other nations into believing this war is all Israel's and America's fault. Yes, America and Israel are to blame, but You have shown me the

Iranian bunkers and facilities that with the aid of Putin, Xi Jinping, and even North Korea's Kim Jong-Un, they already have nuclear capabilities. In addition, our nation's information about these locations is wrong. They don't have it, because technology from Putin's Russia and Jesus China have aided them from being discovered."

This time I heard my lovely Jesus Christ reply to me softly in an audible voice. "Yes, Daughter of Mine, you remember well what I have spoken to you privately by dreams and in conversations." I looked up to the ceiling towards the heavens and said softly, "I do Lord. May I ask what they are really doing with all these propaganda Lego videos? There's something more deeper and sinister here than just these animated propaganda Lego videos." "You are correct, Daughter," "He replied from Heaven. "They are deliberately undermining the people's faith and trust in your nation's leaders, especially your nation's President Trump. I told you he had an embarrassment coming. Daughter, I also told you that those near him, some are poisoning him. The enemy knows it is Trump who I have called to defend your broken nation Babylon-America when she is to be invaded. Their main objective is to make Trump look like a bumbling fool, Daughter. These are the words they used behind closed doors."

"I understand my Love," I replied. "President Trump really isn't a good man. He's wicked and full of much pride. What I see is he so desperately is wanting to be the savior of our world by bringing peace to it, that he has made many mistakes especially in resharing the picture someone had AI generated to make him indirectly look like You healing someone. It was pride. Pride that caused him to reshare it." My lovely Jesus Christ was quick to reply. "Yes Daughter, he is full of pride, much like his master lucifer." I sat in silence for a moment as I thought about all that we've been speaking about. Then I spoke again as I said thoughtfully, Lord Jesus Christ, there are many bad things coming out about President Trump's past, but they're all still forgivable, because You told me he's still savable. If he's needed to help defend our nation when it's invaded to add Your children still here in America, then why allow all this to happen to him," I asked? "If his soul is still savable then this should be Your children's main concern about him. I know it is mine."

"Yes, it should be," I heard Him say to me from the heavens. "Daughter, like King Nebuchadnezzar who I had raised and set up over the bass Babylonian Kingdom, his heart became filled with pride. He had to be humbled and in the end he acknowledged that I was the only true, living God. President Trump is being humbled so he can make a choice to accept Me into his heart as his Lord and God, or not. He is called by Me and raised up, so that My children still in Babylon-America's walls still have a chance to survive, for many things are still to come," my lovely Jesus Christ finished saying. I glanced up at the video still playing on the screen where the Lego Iranians were trying to convince the Lego America's people they're not the enemy and they mean no harm to us. "Hmmm," I said thoughtfully as I looked at the video playing on the computer screen. "This is a propaganda video. That means there's at least a demon of deception and one that's a lying evil spirit too."

Suddenly a plan formed in my mind. "Holy Ghost Spirit, can I do this? Is this something that Heaven will honor?" I asked, knowing He knew my innermost thoughts. "Yes it is, Daughter of Zion, follow My lead and I will lead you how to pray." Thank you," I said quickly. I begin speaking with great authority. "In Jesus Christ's Name, I bind all the demon spirits and such alike that's behind and inside this video. I command the truth to be revealed of the true nature and

intent of those that are making these videos to be shown on this screen according to Matthew 7:7, John 14:6, Luke 8:17, Mark 4:22, Ecclesiastes 12:14. I speak these verses inside the physical and spiritual atmosphere and inside the 3D world in this video. I also apply Matthew 16:19, 18:18, John 14:13-14, Isaiah 55:11 & Luke 10:19 to my prayer asking all this to be done in Your mighty Name. I also ask that the enemy not be allowed any form of spying, retaliation in such like, from the kingdom of darkness in Father God's existence and knowledge in Your mighty, unstoppable Name Jesus Christ, I pray and command."

I looked at the video screen for a moment, and nothing happened. Suddenly, the Lego video stopped playing, the screen went dark and then it restarted. It bore the same title as it did prior, but this time the Iranian Lego men when they began speaking or singing they had forked tongues like a serpent where their mouths were originally at. One Iranian Lego man stood out from the rest and had the appearance of a head general of some kind. This one reached up to his face and removed it. The kind friendly, animated Lego face was a mask. The rest of the Iranians did the same. In place of the smiling Lego faces were now what look like black executioner hoods that had holes cut out for the eyes. In each stretched out hand, the Iranian Lego figures held very large, bloody swords. The song changed from one of love to almost a frenzy chant. This is what they were saying now.

"Sleeper cells, sleeper cells, time to rise. All must die who do not serve allah. Take off their heads! We will present ourselves as your friends, even in your own lands, but we do not come to coexist, but to kill all who do not bow to allah, the one true god. Sleeper cells, sleeper cells time to rise. The signal has already gone out into every land. Chop their heads off! Chop their heads off! Chop them off both young and old." Then they raised their bloody swords toward the dividing line I'd seen at the beginning of this dream and began laughing. All of a sudden they stopped. Their swords disappeared and the Iranians reached back up to their faces once again. Gone were the black, executioner hoods and once again were the friendly looking Lego animated ones that seemed harmless and continually draws the public back to watching their deceptive propaganda videos. Their hands were outstretched once again toward the dividing line and they're now singing to the Lego Americans who all have happy smiling faces, "Come take our hands, let's be friends in your land. It's your leaders who are wrong and oppress you. We love you, come be our friend."

"Woah!" I exclaimed, momentarily stunned by what I just saw. Then I lifted my hands up to the heavens and said, "Thank You Jesus Christ for Your revealing truth. Your Name is all-powerful and You cannot be stopped, nor can anything be hidden from You. I give You praise, I give You all praise." After giving praise to my lovely Jesus Christ, I looked back to the computer screen to see the original video was still on display, but it had ended playing. I quietly said, "Now I understand all the pieces You've given me. Yes, President Trump has to be humbled, but they're doing an all-out smear campaign with help of those in our own country's walls and government. Jesus Christ, my Love, You have revealed how President Trump had been poisoned and I remember You warned the kingdom of darkness they couldn't kill him. Is this what is affecting his actions and thinking?" I asked out loud, but then continued to speak. "Lord, they're trying to make it look like to the world that he is emotionally unstable. I know he's not a good man, but this is an all-out, deliberate character assassination, because You have called and appointed him, isn't it?"

There was a slight pause, then I heard my lovely Jesus Christ speak audibly once again.

"Daughter of Mine, yes it is. Their plan is to undermine his credibility as a leader. They are trying to get the world to think he's emotionally unstable as you have stated, when in reality a lot of the poor decisions he has been making have been because of deliberate misinformation being supplied to him from different locations including the pentagram pentagon building. Much of the quotes and information that President Donald Trump has been speaking have been words of the truth your military wants hidden, so they need them to sound like he is making rants like a mentally unstable person. The low dosage of poison given to him contributes to the cloudiness of Trump's mind."

"Daughter, you know the circumstances of how and when the queen sits in the seat of power in Babylon-America and this is not it! The enemy is trying to change My timing and bring the queen to the throne of power by circumstances of their own making. Then enemy realizes that if their plans fail, when President Trump, the king exits his seat of power, then returns once the queen has been deposed, by My command, their alternate plan is for the people of your nation to have an utter and complete lack of faith in him to lead your nation after all that will have transpired. Their true desired manipulated outcome when president Trump returns is for the people of your nation to reject him and demand a different leader. Don't forget Daughter, a people, a nation that's divided, the kingdom of darkness knows is more easily conquered and led swifter into captivity's bondage, then one that united, even if it's only partially."

"Remember also, Daughter what I revealed to you long ago about Putin's strategy against the areas called the Bible belt in your once great nation. Although it hasn't been the Bible belt of true believers for many years because of watered down preaching, teaching and the compromising of the truth found in My Holy Word, plus also their lack of faith in Me, any person still in your nation's walls that once prayed to My Father and Me in the eyes of Putin, they are are considered one of the highest threat. This is true in his thinking, even for a person that knew someone in the past that knew how to pray and reach Heaven's throne room through My Name Jesus Christ. Again I say to Putin, these My children are considered the highest threat because a person who has faith in Me, is a praying person. Putin knows faith and prayer will birth hope in that person and others causing a rippling effect all around them. If that isn't stopped or is left unchecked, it could be impossible to stop. But where there is no prayer or faith in Me found, there will only be left a people without hope, because I am the only source of true true hope for this world. A people in hopelessness is one that's more easily conquered," He finished saying. With the seriousness of His words weighing heavy upon me, I whispered, "I do Jesus Christ my Love, I do remember it all." Then I awoke abruptly from my sleep, finding myself praying out loud in His great Name. "Jesus Christ, I remember, I remember it all, even the parts I never shared."
