Water to the Erie Canal Vision 6-6-26@11:57 AM

"Lord Jesus Christ, I see a body of water, a body of water I somehow know is the Erie Canal. It's the water that goes to the Erie Canal." "Father God, in Jesus Christ's Name, what are You going to do? Why am I seeing this?" "Because Daughter, I'm going to drain it too. This body of water." "I'm seeing a lot of concrete around it. Lord, where is this Erie canal?" "Look toward Ohio, Daughter." "Okay."

"Pennsylvania, Pennsylvania, I'm going to drain the body of water near the data center. I am going to damage the containers where they are collecting water, so it will not be purified and cannot be purified, just as I have spoken. This I have spoken; this I shall do. Hear Me Daughter, this I have spoken, this I shall do and this shall occur suddenly. These bodies of water, hear Me Daughter, I'm going to drain them."

Sky Changed Colors Vision 6-7-26 @7:15 PM

I see, I see the heavens of the firmament. The sky that covers the whole world. Instead of it being a bright blue, I see that it's a dreary blue-gray color. Somehow, the sky looks dirty. I know this is sometime in the future. I see the sky. Why am I seeing the sky? The sky! It looks like it's changing colors. It's like it's gradually changing as if in slow motion. I see the grayish blue begin changing into a lavender purple color. It doesn't happen immediately, possibly over the course of a day or two. Now, I see the lavender sky, the heavens of the Earth and it too appears to be changing colors once again. I see, I see the lavender sky is gone and has turned into a crimson bright red. The whole sky, the heavens is now a blood red. I understand the sky will transition from Blue to lavender, then to blood red and stay red until the Millennium Reign when Jesus Christ sets up His kingdom and His throne." "Yes, Daughter, yes."

Judgment Against Alabama With Vision 6-5-26@9:23 AM

While praying, Jesus Christ my love, you showed me a vision of rooftops being destroyed as I passed through Alabama as I headed home from the retreat. I had turned the recorder on as I always do when praying just in case You choose to share something while traveling. I have tried and tested it, and it deserves true from You, Jesus Christ. This is what I saw and what You spoke that I've written down from this recording today.

As I passed by the Marshall County Courthouse I noticed they were repairing the roof of the building. Suddenly I begin seeing rooftops torn off and destruction occurring around this area. I began praying in the Holy Ghost Spirit when I heard You speak and say, "I send a tornado and winds through here. I'm going to destroy this town and area. There is much, much evil that happens here. There is much perversion and sexual sin influenced by the marine kingdom at the lake found within its borders. I'm going to destroy this area.

Daughter this is not the same occurrence as the earthquake I have shown you that splits open and drains this Guntersville lake, but a different time. A different occurrence. Two events at two times but one pronounced judgment on this evil, wicked city of locations. Dust your feet off Daughter as you go by. Shake your feet off when you leave and don't return."

While praying about it after I got home, I heard the sweet Holy Spirit say to me, "Jeremiah 11:11." I looked it up and here is what it says, "Therefore thus saith the Lord, Behold, I will bring evil upon them, which they shall not be able to escape; and though they shall cry unto me, I will not hearken unto them.

Verses:

Jeremiah 4:13; 23:17-20; 30:23-24; Ezekiel 13:13; Nahum 1:3; Isaiah 24:12

Guntersville lake, Alabama Splitting & Draining Vision 6-2-26@3:00 PM

I see water. I see the ground cracking open and the water began to empty down through the huge, separated crack at Guntersville lake. I recognize it as Guntersville Lake from traveling through Alabama. It's draining quickly down through the cracked area. Whether it is an actual earthquake

or something else that caused the shaking, I'm not sure, but it shook the ground mightily. Like an earthquake. I heard my lovely Jesus Christ say, this is what He was going to do to this lake. I see now what looks like underground caverns and caves. Jesus Christ I understand that all or part of the lake's watersins emptying into somewhere like this.
