

The Wheel Within the Wheel is Returning to Earth Dream 12-14-25 to 12-16-25

"Jesus Christ, I have repeatedly had the same dream for three nights, but also multiple times the last two nights. The dream discerns as from You, and I have been in much prayer for all it has revealed. Now all I can say is, "Your perfect will be done in all things in Heaven and on Earth. Sweet Holy Ghost Spirit, please lead me, and don't let me write one word that is not from my lovely Jesus Christ." "I won't, daughter of Zion."

Each time I go into this dream hearing these words spoken from the heavens. "The wheel within the wheel, the Wheels of Time, 3 have returned. One makes its final run, declaring time is no more for the inhabitants of the Earth."

I found myself sitting outside wearing a winter coat and gloves on my hands. It looks like some type of recreational park where I'm sitting, because I saw other round metal tables nearby set far apart. I am actually sitting more towards the outskirts of the park. The pathways or roads look like red bricks, or cobblestones that have been laid down as a walkway running through this area. It's cold out here, cold enough I can easily see my breath when I breathe. I reached up and pulled the hood of my coat closer to my head. I knew that I had been drawn here by the Holy Spirit. Where I'm at in the park, or where it's located, I do not know, because it's not one that I recognize as ever visiting. Even with all the lights in the area from where I'm sitting, I could still see some of the stars in the distance. I looked intently toward the night sky. I know in my Holy Ghost Knower, something is going on in the heavens, but what that is I'm not sure yet. I sat a while longer with no one else around, and began praying in Jesus Christ's Name, seeking answers to why Holy Ghost Spirit had me come here. I prayed a little longer, and when I finished, I sat in silence.

Then I began to think about Israel, and my nation America. Both had failed Heaven's plummet line tests. First, Israel when immediately after Yom Kippur, the holiest day of the Jewish year, they begin celebrating Oktoberfest with the rest of the world. A festival that honors fine beer and lots of partying that now includes family events. So, not only do the adults embrace these days, they bring their children to partake in these festivals. Again, this is the next day after the most holiest time of the year and a supposed time of repentance. Then our nation including so many of those who belong to Jesus Christ willingly participated in halloween on October 31st, 2025. Just like they repeatedly do every year, even though Jesus Christ has been calling His people to be holy, set apart, and leading a life of true repentance in Him.

It's been said, by ex witches, that I've heard speak of in the past, that halloween, also called all hallows eve or samhain, is the one time the children of God openly, and willingly, participate in the pagan rituals and practices of lucifer's kingdom, the kingdom of darkness. This is after many of them have heard of the pagan origins that halloween originates from, yet they still dress up, and dress their children up. They go to parties. They take their children trick or treating and join in various celebrations which these things come straight from pagan rituals and practices which causes agreements with the kingdom of darkness to be formed, contracts, between those of God's children who participate willingly, and also, agreements with their children they were given to love, nurture and keep safe, but didn't.

"We failed, we failed again," I said softly, as a tear slipped out of the corner of my left eye. "Something changed that day, and I know it's not good for Israel, our world's timepiece, or for America," I thought to myself. "No daughter faith, of Zion, and of Heaven's Court, it's not good," a familiar voice said not far from me. I turned quickly to my right to see a figure of a man standing slightly in the shadows, yet he had a glow to him that wasn't totally hidden in the dark of the night. "Who calls me by that name," I asked unafraid? I was more curious, than anything else, because they knew my thoughts and had responded, answering them for me. Plus, they addressed me as I'm often called by those from Heaven. The man stepped forward, and I saw his face. For some reason I'm not surprised. It is the Holy Angel Gabriel. He looks much the same with his blonde hair, and piercing, intelligent blue eyes.

"Gabriel," I said with a small smile. "Yes, daughter of faith, of mercy, and of Zion, it is me. May I join you at the table?" I nodded my head, 'yes.' I noticed he's dressed in tan pants that when I looked at them, I heard the words, 'thick twill pants.' He's wearing brown hiker type boots, a red knit sweater, and a black coat that he's wearing unzipped. He sat down quickly, and I know it's more to keep from drawing attention if he remained standing, because I could hear a few voices now that sounded like they were somewhere in the park. The Holy Angel Gabriel looked at me, and I noticed immediately he had a very serious look on his face, more so than normal. "What is it Gabriel? What's so important, or so bad for the world, that Father God, and my lovely Jesus Christ sent you, the Holy Messenger from God," I asked him in concern? He stared at me intently for a moment longer, then said quickly, "I have been sent to speak with you on several issues, but first daughter of Heaven's Court, of Earth's Representative, do you remember the first time I was sent to speak with you?"

"I do Gabriel. It was on halloween, October 31st of 2021. I have been fasting and praying for 7 days straight, because it was the time of halloween when great evil occurs. I spent that whole week in prayer, warring in the spirit realm, and fasting. Then early that morning on October 31st you appeared and spoke to me about the tribulation, antichrist, war, and so much more. I was so stunned, and didn't share it until a later time that you had come to visit me. My thoughts had been at the time, "Who would believe me?" But Sweet Holy Ghost Spirit urged me to release what I was given by you from Heaven, which I did, but only after you had appeared again with another message from Heaven's Court." "Yes, daughter of Zion, this is correct," he said, nodding his head ever so slightly. "Wait," I said suddenly, "that was on October 31st, 2021! This year on October 31st, 2025 America, called Babylon by Heaven, failed their plummet line. This is no coincidence that these occurrences happened on the same day, but different years. What else happened?" I asked him, then continued, "Because I felt the change in the spirit realm when America failed its plummet line!"

The Angel Gabriel looked at me intently, then said, "I will speak of this in a moment, for surely something did happen. Now hear me daughter of Zion, of Heaven's Court, first I am to tell you your final preparations have been made, so you can transition to your protected abode until the time for you to step out side by side with the second witness whose identity has not been, nor will be revealed until it's time for him to step fully out into the public. This is in accordance with the words and dreams given to others of Jesus Christ, the Risen Lamb's children in which it was revealed that only one of the two end time witnesses would be known. Only three people daughter of Zion, and of Heaven's Court currently know who the second witness is, and one of

these three have had their memory wiped by Heaven, so his identity would remain hidden from the world. For it's not for the Antichrist, or the world to know until his time fully arrives, and he steps out, side by side with you. This is necessary. This is how it shall be on orders of the Majestic, Supreme Holy God of all Heaven. His command cannot be broken. It is for the safety of the second witness."

"I know Gabriel," I replied. "So many people have sent me comments, posts, texts, and letters with all their information about who the second witness is, but it's all been wrong, because Heaven has hidden this man and his face. This is even after I have been shown his face, the second witness' by dreams and visions, and even spoken with my lovely Jesus Christ about him. You called him the second witness, and so does Heaven, and me, I'm called the first witness, but that's only because I was made aware first of who I was created to be by my lovely Jesus Christ. I accepted my commission first. That's all! We're all equal in Father God's Kingdom." The Holy Angel Gabriel gave me a faint smile and said, "Yes, all are the same, and loved the same by the Great I AM, the One called Faithful and True Forever, for He is God." We were silent for a moment, then the Holy Angel spoke once again. "All you will need has been provided. Your transportation, your abode, your every need is already supplied. You know to be ready," he finished saying. "Yes, I do. I'm finishing tying up loose ends," I replied. "Heaven knows this," he said.

After a few moments, he pointed to the night sky and said, "It's time for the final wheel within the wheel to return to Earth, though this one shall not enter into the Earth's realm as in times past like the other three have done. This Cherub with his wheel of time, his wheel within the wheel, rides inside it, as it makes its final run through time inside your world's firmament, so time can end." "So, you're saying, Gabriel, this final Cherubim, or Cherub since it's only one we're talking about now, will not be using the portals located in the North, South, East, and West this time located on the Earth, and he will not actually enter into the Earth itself, but only stay inside our firmament, in our heavens. Am I understanding this correctly?" I asked him in seriousness. "You are, daughter of Heaven's Court, you are. As the Wheels of Time spin in the wheel within the wheel, the Cherub will ride inside its wheels, fueling its movement by the holy fire, and glory of the God Most High, who is a Holy, Raging, Consuming Fire."

"Daughter of Heaven's Court, of grace, when a Cherub of time, who enters the Earth's firmament from Heaven above, if not by a Heavenly portal, then it enters directly into the Earth's upper heaven, the firmament's top that your world calls outer space, as long as at least one of the Cherubim with the wheels of time, the wheel within the wheel exists, or is living under the ice sheet of the firmament, man still has time. Man has run out of time! This last Cherub makes his last run through the heavens, to your earth, and as Yeshua Ha' Mashiach, Jesus the Christ, Holy Risen Lamb of God Most High told you when He showed you the four Cherubim and the Wheels of Time, His four suddenlies begin when all four Cherubim return with their wheel within the wheel from Earth. The portals they have used in prior times will be sealed. This daughter of Zion, and of faith is about to occur in your heavens beneath the enclosed firmament created by the Great God of Heaven, Creator of All, to sustain life, for all that's created to inhabit the earth," the Holy Angel Gabriel finished saying.

"Gabriel, does that mean that when this last Cherub arrives, or passes by the earth, the four suddenlies will begin immediately," I asked? "It means," he replied, "everything will be activated, time will be removed, so that only what's left of time until the Holy Lamb of God, Jesus Christ, sets up His kingdom and reigns for a thousand years, shall be only the time that was allotted, for man to fulfill the end days. Yeshua Ha' Mashiach, Jesus Christ's reign of a thousand years is as if one day in Heaven. Time as you know and understand it, daughter of Heaven's court, shall cease to exist. With the destruction of the black, magnetic rock mountain, there will be, by the Great and Mighty God of Heaven's command, no more time created again for the inhabitants of the Earth." "Gabriel, this wheel within a wheel is continuously spinning when the Cherub moves." "Yes daughter of Zion," he replied. I continued, "They move forward in one direction as the Word of God says. Their eyes never look around, nor look backwards, or to the left or right. When they travel, they travel forward in a straight, or a semi straight line, only moving slightly to the right or left to adjust their course, but nothing dramatic that I have ever seen when I was shown them in October this year and again by visions and into these dreams later."

"That is correct," the Angel Gabriel replied. "Every variation they do shall keep them going forward, with only a few alterations along the way. The Cherubim with their wheel within the wheel, the Wheels of Time cannot be deterred off the original course," he finished saying. "Gabriel, how do they enter the firmament if they do not enter through the portals located at the North, South, East, and West point in the Earth," I asked? He replied, "Daughter of faith, and of Zion, you know there are many portal ways and doorways from the Earth to Heaven. Even John was shown one before he was brought up to Heaven to record and see the ending foretold." "That's right Gabriel, I do remember this now. It's found in Revelation 4:1," I said quickly. Yes," he replied, "and there are several. The wheel within the wheel's journey begins at the edge of your world's Heaven, also called the firmament, or by mankind, as the edge of your solar system, although it's actually more than just this part. There are portals near the moon, and behind the sun. You know this daughter of Zion, and there are others scattered inside the heavens," he finished saying as he gazed up into the night sky. My eyes followed his. What stars we could see were beautiful.

Finally, I asked Gabriel, "What happened in the spirit realm, when Israel and America failed to hold up to the plummet line? I felt a change when halloween day arrived, like a shift toward holy judgment inside the spirit realm." "That would be a fair assessment in your understanding," he said as he looked back down from the sky and toward me. He looked me directly in the eyes then said, "This is what I'm here to let you know, the other part daughter of Zion. When Israel failed its plummet line, there was still a small space of time for further repentance. True repentance that brings about a change. This did not happen. When Babylon-America was held to the plummet line for one final measuring and failed, it signified the final ending of time. The tribulation would proceed on course. It now comes, daughter of Zion." "I understand," I replied. I looked again up at the night sky, then spoke again. "Gabriel, you said the final Cherub was running its last course in the heavens with the wheel within the wheel, I have seen this, haven't I?"

"Yes, daughter of Zion, and so has many others in your world, only most do not recognize what they are seeing." "It spins constantly Gabriel, with the Cherub that's connected to the spinning wheel inside, but I saw two of them, but each at different times." "I know you did, daughter of

Heaven's Court, and of Zion, because this was shown to you by Yeshua Ha' Mashiach, Jesus the Christ," he replied. "Yes it was," I said back to him, then continued. "What I saw was the first wheel within the wheel spinning and making a path from the edge of the firmament which we, mankind, call the edge of our galaxy, and it stayed on its path. But then I saw that one went through a portal behind the sun, and another took its place. Although it looks much the same, it seems slightly smaller. This is what I have been seeking to know in part also. I looked up the information on the internet. They're calling this a 'comet'. On October 31st of this year, the day I saw the first Cherub, in the wheel within the wheel go through the portal, and another takes place, what happened for them to swap places? Was this because America failed the final plummet line for Father God's people?" I asked the Angel Gabriel.

He looked at me and took me, then replied, "Yes, a changing of the two Cherubim with each of the wheels within the wheel was a direct result of the plummet line failure. The first one running its course was distributing the last remnant of time granted by mercy when the last plummet line failed to be met. He was recalled, and the last Cherub with the Wheels of Time is removing time that was given. Now the four suddenlies shall advance forward, and as the Cherub returns from visiting your Earth's location, time will stop moving forward. Meaning all that's left is what shall be lived out on the Earth, without any more given, or recycled as your world calls it, when something is reused. When the last one returns to Heaven, to no longer reside under the Earth's firmament, time will be finished, and the Great Day of Wrath of the Lamb, the Tribulation shall begin. The time of Rachel's weeping in the darkness will occur. Jacob's troubles will begin, and most men with the blackened hearts will still refuse to repent." "Gabriel, when does the wheel within the wheel, the Wheels of Time come to the Earth," I asked? "Daughter of Heaven's Court, he's already on his way!" With these words, I came fully awake each time I dreamed this dream. The first night I dreamed it once, the second, and third nights I dreamed it three times each.
