

I Take Your Seeds & Meat Supplies Dark Kingdom 8-13-26@11:40 AM Shared 8-15-26

Hear Me kingdom of darkness, evil men, and women of the world I created for mankind to live in. Your seeds, your food producing seeds you have collected for centuries, of underground planting and harvesting of what your world now calls heirloom seeds, I take from you.

You who modified, altered, and bioengineered food that I created for men and beasts, all creation in its various forms to survive on.

You who modified My food to become seedless. You who have caused the fruit, the foods that have seeds inside to break down and become unstable. Your hybrid seeds and plants are what you shall now have.

I just spoil all your heirloom seeds you have stocked away. Now you, yourselves shall eat what you gave My created people to eat. In addition, I take from you your stockpile of clean meat, you have preserved in various ways now available to you.

In its place, if you have meat, it will be your own 3D lab-created meat by-products you have been forcibly causing My people to eat, as you have substituted worldwide in grocery stores and restaurants. Though it's more abundantly found inside the border walls of Babylon-America where they are a more wicked people than most in the world today of man.

Now I say, My beloved children, what is allowed to survive of both heirloom seeds, real meat, and other food sources hidden away by the so-called elites of the world, the secret societies, and fallen angels themselves, shall find their way into your hands at the needed appropriate time.

This is a righteous decree of holy judgment against wickedness in the world of man concerning food production, food supplies, and food itself. Let it be noted in the halls of Heaven I have sent My Angels, My Holy Angels down already to see that all I have commanded is done.

This cannot be stopped!
