

Freezing Time & the Black Cube of Advancement of Time Dream 7-25-26 to 7-28-26

{Shared 8-3-26}

"Lord Jesus Christ, I dreamed the same dream again since the 25th of this month. This dream has already been discerned as sent from Father God and You by others, as well as myself. Sweet Holy Ghost Spirit, true Friend of mine, please don't let me write one word or description that was not sent down from Father God in Heaven." "I won't Daughter of Zion. Please write as I reveal it to you once again, so you can capture the dream in word form." "Thank you sweet Holy Spirit and Friend."

Ezekiel 24:14 I the Lord have spoken it: it shall come to pass, and I will do it: I will not go back, neither will I spare, neither will I repent; according to thy doings, shall they judge thee, saith the Lord God.

It began when I found myself standing in a large room. Before me was the huge man-made Stargate that was used in the movies and TV series called Stargate. Their titles were all named after this supposedly ancient device discovered, if I remember correctly, in an archaeological dig in Egypt in the original first movie. "Why am I seeing this?" I thought to myself. Then suddenly, as if I was watching a scene from the TV series, the military general named General Hammond who was head of the Stargate program was in the control center. He was issuing commands to set the coordinates to lock on to a wormhole in space, time and space so they could open a doorway to another planet or another world. I heard a man at one of the computer consoles reply out loud, "Coordinates are locked on. Opening the gate on your command general sir."

All of the sudden, the scene before me froze. Everything was frozen. I quickly looked around. I began moving my arms and hands in front of me to see that indeed I am the only one still moving while everything else has appeared to have become frozen in time. All was frozen in place.

"Hmph," I said out loud as I looked around one more time. Knowing that Father God and Jesus Christ are in control of all things, I looked up to the ceiling towards the heavens and asked out loud. "Father God, Jesus Christ, what does it mean? What are You telling me, I asked in Jesus Christ's Name? You've shown me already there are no other parallel universes, alternate realities, or planets outside of our space, the heavens of the firmament. I know that lu lu...lucifer and his kingdom have portals that are able to utilize, when You allow it for them to gain access to their hidden facilities on the moon, Mars, Jupiter and the others of their planet bases and homes. Why then did I just witness this scene from Stargate? Why is everyone frozen? For what purpose I asked you, my lovely Jesus Christ? If it be within Your perfect will, please answer me."

Instead of hearing an answer from the heavens, I heard a gentle, but powerful voice speak to me out loud inside the room where I'm at. I could tell they were not very far from me. The voice said reassuringly, "It's so you can witness the truth of what man and fallen angels are now trying to do with their already in use, portal particle acceleration and such like technology." I spun around quickly to see there before me was a man. He was tall in stature and was wearing a dark suit with vertical pinstripes of light brown running through His jacket and pants. I noticed His shoes are black and tied, but were not shiny and somehow I knew they were well made and practical shoes. These shoes, although nice, were made for sure, steady walking that would not allow any missteps for the wearer. The man wore a white shirt with His suit but wore no tie. In His hands

He carried the same slender, black stick, the rod that I had seen Him carry so many times before. But this time, His hair was long and white and had a glowing look to it. It is the Teacher!

I first saw the Teacher in this form in the Soul Leecher's Dream so many years ago and He has reoccuringly appeared to me in this form over time. At other times He appears as a shadowy figure of a man. This Teacher in a man form I know is the Holy Ghost Spirit who comes to teach and aid me once again. "Teacher!" I exclaimed as joy filled my heart at seeing Him. I did not run to Him out of respect for who He is and what role He had come in, which I knew was the Teacher of Truth. "Daughter of Zion," He replied softly and gave me a slight nod of His head. He took the black stick in His left hand and pointed to the large Stargate from the movie still frozen in its place. He said firmly, "The enemy is very arrogant and self-assured. These are weaknesses found in them because of the effects of sin they live in. In this weakness they have broadcasted openly to the world's public, their schemes, plots, plans, devices, technology, and evil doings in a presented way that always leaves them unaware this is really how the enemy operates. This has been arrogantly done while they flaunted openly in the public's face, because they assumed man was too ignorant to catch on and become wise to their activities." I looked at the Teacher intently and replied, "Yes, Teacher, and they're still doing this today in man's world." "Yes, Daughter of Zion," He replied.

He finally lowered the black slender stick in his hand. He turned around and pointed to the frozen scene of the military general and the people at the computer terminal as He said, "This scene bears much truth, but also carries hidden inside it much deception. The enemy, nor man, can access other worlds through the portal technology that contains alien life forms. They are non-existent. As you know, these so-called aliens from outer space are simply demons, fallen angels, and some nephilim that will disguise themselves to appear to man as beings of light. This they have already done in times past." He continued to speak. "As you have already noted earlier, all they can access is what is contained inside the created firmament for mankind. Not even lucifer or the other fallen ones can leave the boundaries of this firmament. They are bound beneath the waters above the firmament, of the deep darkness," He finished saying. "Yes, I understand," was my reply. Once again, He nodded His head quickly and spoke again. "The parallel universes, the different realities of their lives that people believe are occurring are all manipulation done to the many minds of the majority of the Earth's inhabitants who are caged and have given the kingdom of darkness legal access to their lives. With the aid of human agents and demons manipulating, changing things, and mental suggestions in the physical world of man, it makes the deception of an alternate reality seem more real to the person or persons experiencing it than the actual truth. You know this already having been shown this by the great Almighty God of Heaven and His Son and Redeemer of this world, Jesus Christ, Yeshua Ha' Mashiach."

He didn't wait for me to respond as He said, "This is how mankind, through the ability of the evil, fallen ones' technology like the Chronovisor and the Looking Glass technology and mental programs allowed them to see glimpses and moments of time in the past and future. The people's minds are fully or partially held captive. This is called a caged mind or a caged soul that is kept imprisoned by demons inside the Earth's timeline that has been instilled in it since the creation of the world. The Earth's timeline once created, established man's allotted number of days for the Earth. The amount of allotted days for this first Earth cannot be altered or changed. The days will

come to their end at the allotted time and then the new Heaven and Earth will be brought into existence. Daughter of Zion," He said, "man has been allowed to go back to the past in small increments of time and even make minor changes only because it kept the kingdom of darkness unknowingly, walking the path and direction Heaven has laid out for them to take. This ability has now been removed from them including much of their other technology. But mankind has never, hear Me, never been allowed to go forward in time or they would have attempted to change the outcome of the battle of Armageddon. They would have tried to assassinate beforehand many of those of the children of God. Like the two witnesses to come which you are one. Look and realize Daughter of Zion, how many times the enemy has already tried to take your life prematurely, because they have learned who you really are in the Kingdom of Light, of Heaven." I nodded my head slowly in reply.

"Unconditional prophecy will be protected and remain untouched in the past, present and future of mankind, but glimpses and peeks into the future have been allowed for the enemy to see," Teacher said quickly. "Why would the God of Heaven in all His infinite wisdom allow glimpses in the future time to come? I shall give you one example, Daughter of Zion, to bring you a quick understanding. By allowing this, the kingdom of darkness knew in advance who would be born to become the man of sin, the son of perdition, also called antichrist, and not pick a man different from the one that God had ordained to become him. Many in the kingdom of darkness have desired to be the one chosen for the position of the man of sin. As you can determine, use of these such like things have been allowed to steer the kingdom of darkness on the correct path laid out before them since before the creation of time. Yet because of spaces and allowances that come in legal agreements caused by sin with mankind's ill choices, the kingdom of darkness has been abusing the use of such technologies, which is why the orders came from Heaven's Court these and such like were to be removed out of their possession. All this was made possible when through the fallen ones' knowledge and technology, man learned to create devices, machines, mirrors and such like that were made out of items that demons had possessed, causing their spiritual dna, their essence to reside in them. Now they had become accessible by other demons and the fallen ones at any given time they chose to use them for glimpses into the past and future." "This I understand," I said in response to the Teacher's words.

"Yes, you understand Daughter of Zion, but most of the Lamb of God's children do not, nor do much of the rest of the world's inhabitants. Most do not even believe in the existence of demons anymore. It's the demons, the nephilim which are the fallen ones' children who died and no longer have physical bodies who can pass through the Earth's timeline that is kept inside of the spiritual barrier that is now located inside the ice wall after in holy judgment, it was expanded in its width. When the enemy catches glimpses of the future, or past it is now only possible through the caged minds directly. No longer allowed is the use of other technology, machines, devices and such like formerly used separately or in combination with the caged minds. This right has been revoked, removed, and forever forbidden by the command of the Almighty God of Heaven and His beloved Son, Yeshua, Jesus Christ. Its use has been taken out of the world of man and that of fallen angels and demons. The glimpses they now have and will see of the past and future will no longer be clearly seen, but will be distorted. In the eyes of the enemy it will appear true but really the truth has been altered which will prove untrue. This is because they shall see these things in the way they see truth in reality, which is distorted and twisted. The taking glimpses of the past and the future through caged minds has now become useless to them, even though they

do not realize it yet. As they send out their glimpses of the past and future to their agents, witches, fortune tellers, and such like in their kingdom of darkness, which even includes some of the Risen Lamb's children who do not realize they're really receiving their dreams, visions, and words through demon spirits they have unknowingly made an agreement, their revelations of truth that the enemy thinks they are giving them will actually begin proving to be false. So much that they cannot be denied they are false. This has already begun and will result in separating the true children of God from the enemy's pretend ones," the Teacher finished saying with a slight smile of knowing on His face.

I looked again at the Holy Ghost Spirit, my Teacher standing before me in the form of a man and said quietly, "This is one of the things I have earnestly prayed for. The truth of who is false and who is real to be revealed, because so many of the children of God still have not learned how to discern all things as the Word of God says to do. Teacher, I understand all this too already. There has to be more. May I ask what it is You have not told me yet?" "You are a quick learner and an adept student, Daughter of Zion," He said with an encouraging smile. "I will get to the 'more' in just a moment. But first let Me bring you more of a refresher course of the things you've learned in the past before I begin with the rest." "Okay Teacher, I'm listening," I said quickly. "This I know," he replied. He looked around momentarily at the still frozen room and then began speaking once again. "Let Me refresh your memory of your nation's President Trump's not so secret, secret weapon. I speak of the Quantum Phase Generator and the Space and Time Fluctuator. When used in conjunction with one another, they have the ability to create a warping in time. This is otherwise called a replica of an allotted space of time. This is only in the past it can be done. Yeshua Ha' Mashiach, Jesus Christ has shown this to you as well." "Yes, He has, Teacher," I replied. "Yes indeed," He said and continued with His teaching. "This technology allows a small amount of a past time of an occurrence to be duplicated. This is the replica made. Then this small area of time is re-lived which has allowed the outcome of some things to become changed. Some people call this switching timelines. It is not! It's simply the Great and True God of Heaven putting everything back on His pre-spoken, pre-arranged course, though men and fallen angels, they believe they have controlled the situation and changed the timeline Earth people are traveling on."

"An example I shall give you would be a person, a government, a man of power, a world leader, when using this type of technology, they will have a record of what just occurred recorded of that space they want to replicate or duplicate in time. This is in addition to their original memories. These recordings have been allowed in small amounts of passages of time from the past to the present, even the future to continually steer the course of mankind and the kingdom of darkness in the right direction of the God of Heaven's eternal plans. In such moments of duplicated time and space when done, by this supposed world leader who wants to change the outcome of a meeting that did not turn out favorably in their advantage, they would have to locate the exact moment in time. This is done through time itself, through the recordings available by the various means to do so, and also by locating the coordinates in the earth's timeline. The Heavens of the firmament are vital in this last part. Once all of this information is acquired, they can warp that moment in time to create a replica or duplication of that allotted time in space. Only small amounts are allowed to be done this way. Having the prior memory of what occurred originally in the meeting and that it's going to be relived, the one ordering the replica of space can speak, act, and react differently to sway or even change the original outcome of the first meeting to be

more favorable to them than the first time it was lived. This is also another cause of what people call 'deja vu' or the 'Mandela effect' when they feel like they have relived a moment in time. But the majority of those are related to the Cern foundation's and other companies' portal activity, such like technology and science."

"Now Daughter of Zion, pay attention, this is where today's lesson really begins," the Teacher said in an authoritative voice. I found myself automatically and instinctively straightening myself up more as I replied, "Okay Teacher, I'm listening in Jesus Christ's Name." He gave me an approving nod, then pointed again with this black stick toward the computer area scene still frozen and unmoving. "You have been shown this scene, because you understood what they were trying to do with the Stargate in this TV series. I shall tell you what the enemy is now attempting to do with the prior technology already in their hands related to the portals, doorway, archways and such like openings since no more are allowed into the world of man from the fallen angels forbidden, stolen knowledge on orders from Heaven's Court, from the God of Heaven's Son, Jesus Christ, Yeshua Ha' Mashiach. They are attempting to modify their current in operation, portal type technologies and such related things. This is so that with any given moment in time, once they have located coordinates inside the Earth's timeline of time and space, they will be able to lock on to them. Once their modified technology has pinpointed and locked on to a coordinate, they will attempt to open a portal, some type of entranceway and enter that point of origin of time in the Earth's timeline. This altered and modified technology is not like the original portal and such like technology in that it is not intended to pass through the Earth's timeline to get to the spiritual realm itself which was originally done. The portal particle accelerated technology from the past and such like would allow them to pierce through the Earth timeline without stopping and pull out a demon, a nephilim, a fallen angel or even such things as the black goo called the graphene into man's physical world. These modifications in the prior technology work differently." "How so?" I asked the Teacher.

He replied quickly, "With the modifications of the prior technology their intentions are to open a portal or something similar inside the Earth's timeline itself instead of passing through it and then freezing that moment in time. These devices, machines and technology are called Time Gates by all who know of their existence. The objective is to lock on by coordinates to an exact moment of time. Once it's located in time and the coordinates discovered and locked on by the modified technology, which again I say is only possible through time given to the Earth for man by the Holy God of Heaven, the Creator, the portal doorway, the Time Gate, if successfully opened, will freeze time from advancing forward in that precise moment of time where the enemy locked on to the coordinate of the Earth's timeline." "What!" I exclaimed. "Teacher, if the enemy were to succeed in freezing time in the Earth's timeline, what would that do to us here on Earth? What would that do to the prophecies given in the Word of God? Scripture cannot be broken," I said passionately. "No it cannot," He said in a voice filled with power. "For mankind, it would be like unknowingly reliving the same day over and over again, as if inside a loop of time, while the eternal beings such as the fallen ones, the demons and even some of the nephilim because of their angelic DNA would continue on unaffected by the freezing of time. The unaffected nephilim I am speaking about, would be those still located on the spiritual side of the spiritual barrier wall and not man's physical one."

"Please understand fully, Daughter of Zion, the enemy does not want to stop time forever, because they live now to only pleasure their own flesh which includes torturing, defiling, and enslaving mankind and creation any way they can. They too have become enslaved to their own sinful nature. But it's being planned to give them more opportunity while time is frozen to devise further strategies and make more modifications of the prior technologies and weapons they already possess. They assume they can circumvent and bypass the many orders coming from Heaven's Court that have reduced their ability to control and rule with ease the world of man when the man of sin, the antichrist is finally seated in power," the Teacher finished saying. "Teacher! Have they been able to successfully freeze time in the Earth's timeline already?" I asked excitedly. "Only for a few seconds in trial runs, but they are determined to continue until they are successful," He finished saying. "What!" I exclaimed in surprise, followed by a quick, "Why? Why doesn't Father God or Jesus Christ just stop it?" The Teacher looked at me intensely and I saw a look of fire in His eyes as He said boldly, "It is because Daughter of Zion, you have been given this task in Jesus Christ to stop this!" Surprise and shock filled my mind. I was stunned, unable to move or speak for a moment until finally I asked, "Why me? How can I possibly stop this? Is it by praying in Jesus Christ's Name? I know His Name is all powerful, if it's praying, I certainly can do that," I said a little hesitantly, feeling in my spirit that's not quite what the Teacher, Holy Ghost Spirit meant. I was right, because it wasn't. The Teacher looked at me sharply as He said, "Remember Daughter of Zion, you are a Timekeeper. A position given to you by Heaven, that's needed as one of the end time witnesses. You hold in your abilities the use of the Black Cube of Advancement of Time. One of the seven building blocks of time whose knowledge is held within."

"Teacher, what exactly does that mean? How am I able to stop this?" I asked Him in great seriousness, wondering how this could be possible, and what did it have to do with the black cube? He replied, "By using the knowledge you now possess from accessing the technology and information given to you in love by the God of Heaven found inside the Black Cube of Advancement of Time." "Huh!" I replied still stunned by this change in events. "Remember, always remember, Daughter of Zion, the understanding you have gained of creation and its building blocks, the knowledge obtained by prayer, through fasting, in studying and reading the Word of God, and all the time in the presence of the Almighty God of Heaven and His beloved Son, the Lamb of God will be used when you walk in the full power given to you when you start your 1,260 day journey side by side with the other witness. In addition, you now possess the knowledge and understanding from the Black Cube of Advancement of Time. All this is combined with knowledge that not even the fallen ones have in its entirety, which is a great advantage you now possess over them through Jesus Christ, Yeshua Ha' Mashiach. The Black Cube of Advancement of Time, once you opened it and utilized the knowledge, has now become embedded into your mind and DNA. It is now a part of you and only accessible through Jesus Christ and His authority. It's useless to everyone else now."

He paused for a moment as I reflected on His words. After a few moments Teacher spoke again. "Now, I asked you, Daughter of Zion, will you pray this prayer that I will instruct you in, utilizing the power of Yeshua Ha' Mashiach, Jesus the Christ for this victory in triumph which will include using the knowledge of power from the Black Cube of Advancement of Time? It has to be freely done by your own choice. This you will have to decide because if you do your life is going to dramatically change as you step out further in the faith of what your holy God can do

through you to further His kingdom and reach more of those who are lost still in sin," the Teacher finished saying.

Without hesitation, I replied quickly. "I will. Teacher, You are the Spirit of the living God. Holy Ghost Spirit, teach me, lead me, instruct me how I need to pray, for I can't do it on my own." "I will Daughter of Zion," He replied as He walked over to me and grabbed my right hand. His left hand still held the rod-like slender black stick. He began to lead Me in a prayer of power, a mighty prayer of faith. As I began repeating His words, I once again came fully awake out of this dream. Only this time, this last time, I dreamed it last night again, after waking up, I heard these words in an audible whisper.

"Now Daughter of Zion, through Yeshua Ha' Mashiach's command, through Jesus the Christ, all things are accomplished in this final night. All that has been declared has come to be. Arise, Daughter of Zion in the power of your holy God and fight the good fight of faith. For nothing shall be impossible for you or for those who only believe."

Then I heard my lovely Jesus Christ speak to me in an audible voice and say, "Daughter of Mine, hear Me, beloved Daughter of Mine. What was spoken to you in this dream given to you by My Father, for He is the giver of all dreams, has been made complete in you. This day you are forever changed, My love. No longer shall any more attempts to freeze time or manipulation of the Earth's timeline be allowed. Nor will any further modifications on any of the knowledge, the technology, or created machines and devices for portals, doorways, archways, and such like be allowed to be changed and altered from this point on. This I have decreed and spoken, this I have declared as holy Judge of both Heaven and the Earth."
