

CERN & The Oak Ridge, TN. Laboratories 1-10-26@4:29 PM

"Daughter, I once told you that when Putin fires upon evil wicked Babylon-America one of its targets would be in Tennessee in an area located not far from where you once lived. I warned you of this location's destruction, because of the plutonium storage, the supercomputer 'the Frontier,' and now of the other plans to implement other superior computers and technology. You have since been made aware of how the technology in use there is similar, yet different than what's employed at the large CERN facility."

"Yes, You have. You once told me in January 2020 when You first spoke of war coming to America that Putin, that Russia would have nuclear missiles that would have the capability of multiple heads. He would use them on America with other ballistic type missiles to hit other locations and this one which is the Oak Ridge facilities and laboratories. You also told me Jesus Christ, even though the Oak Ridge's facilities have some type of reinforced walls, when Putin's weapons hit their target, the targeted part of Oak Ridge place, its walls would fold and collapse as if they were crumpled, folded paper. You had also said the nuclear blast would be larger than most believed possible. In Your great mercy You said You would stop the nuclear blast from reaching its full radius, because of Your children still living there. Before this happened You warned me that You would move me, which You did. I no longer reside in Tennessee."

"You are correct, daughter, but there's more. There's more involved for its destruction than you are aware of. Now I shall tell you My daughter. The Oak Ridge Tennessee facilities are not in competition with CERN's laboratories and facilities. They're in direct collaboration." "What! How so my lovely Jesus Christ?" "It is at the Oak Ridge laboratories where the 'TPC' and 'ITS' systems are in use and in place." "TPC & ITS, what do these stand for?" "Daughter, the ITS stands for 'Inner Tracking System' and the TPC is short for 'Time Projection Chambers'." "Are they trying to manipulate time at Oak Ridge Jesus Christ? I know they've been opening portals already, for You have shown me this, and in the past You had me share the proof of what Holy Ghost Spirit had led me to on the internet." "Yes, daughter, I did, and yes, daughter, they have been attempting to manipulate time also."

"Why are You telling me this now my Love?" "Because this is the biggest part, besides removing the available plutonium from America-Babylon's hands at the start of the war when she's struck by Putin's first strike that causes it to be targeted."

"Jesus Christ..... You do remember that when You had me post the different warnings You gave me about the Oak Ridge facilities being struck and destroyed by Putin's first nuclear attack on a website in 2020 that has since been removed off the web, that's when the upper bodies in our nation sent groups to surround me where I was living in the apartment in Tennessee. This is what brought them there."

"Daughter, I am God! I never forgot. I warned you they were coming, and gave you the days in advance before each group showed up, daughter, so you would know to keep going deeper into seeking Me in My Word, and through prayer in My Name Jesus Christ. I kept you always steps ahead of the enemy that had physically surrounded you, as well as spiritually too."

"Okay, my Love. Why are You telling me this now? Is it for me to pray about it alone, or do You want this information to be shared? It is to share, Daughter, but know this. You have been hidden from antichrist's forces for a long time. Your own nation's government has been unable to find you, even though they at times see evidence of you still existing. Did I not, a few months ago, have you walk into a store where you ran face to face into a betrayer of your past who was sent to seek you out at the ministry's location of its post office box in hopes they could find you? Yes, I did, and what happened, Daughter of Mine?"

"Well, while praying to You, I was instructed to stop at a store. You had told me to get the ministry's mail and to make a special trip for it. This is something I don't normally do. I walked into the store and there the person was. They looked right at me and had no recognition of who I was when I came into the door of the store. They were with another person I didn't know. I didn't run and hide. Instead You instructed me to walk in further and stand behind the two people, because even though I knew it was this person from my past, I wanted a better look at their face. It was them. There's no doubt." "I know this Daughter. Now I ask you again knowing all that's been done to you in the past including the poisoning of your body by those who had you physically surrounded, will you warn again for Me concerning this evil place?" "I will Lord, you know I will." "Yes daughter I do."

"Hear Me daughter, this I say to you now. The Oak Ridge facility will not be left standing, nor its stories beneath the ground of the area wherein, in which the TPC is being utilized. It's time for ALICE to be stopped and to die. I give the command now it is to be." "ALICE, Jesus Christ, who or what is Alice?" "It is an ongoing experiment between the CERN facility and the Oak Ridge laboratories. ALICE WILL DIE, and so will part of the CERN facility before I shut its location down too in holy, righteous judgment!"

"Oak Ridge national laboratories, this is the season you fall for your evil collaborations with the fallen ones. Your collaboration with the enemy runs true to the blackened hearts of Babylon-America's people who if not for My remnant, those who are truly part of My body, I would have already destroyed you and you're such like facilities. President Trump, you just lost your ace trump card. Such is the way of men and women who worship false gods, science, technology, and self instead of their Holy God and Creator."

"Daughter, I refer you back to the Saving King dream from your past and now grant you the full understanding with clarity which you have been seeking and praying for since receiving this dream. Inside it lies the mysteries revealed of Putin's first strike. This is the one that shall take out Oak Ridge's most prized locations above and below ground. This Daughter I have declared by My Father's command, and it shall be done, for I have commanded it to be so.
