

I Take More from You Lucifer 5-6-26@5:39 PM

Pick up your pen and write Daughter. Write My words and miss not a one. Trials and troubles have befallen My children, but I am still here for them. Perilous times you have entered. Perilous times when you can't tell who is lying, or who is telling the truth. Artificial Intelligence.. demons inside computers creating graphics and false images that no one can tell the truth without in-depth examination.

Unless.... unless Daughter, you have My holy discernment inside you as My children have.

I've seen the despair! I've watched the bewilderment come upon their faces after hearing or making one discovery after another, wherein the governments and those in decision making positions have betrayed them. This is in every nation, Daughter, and not just wicked, evil Babylon-America.

Many are distressed and perplexed by how their world has changed so drastically. It's the changeover Daughter. The switchover of control of power to the man of sin, the antichrist Macron. Hear Me. Daughter, and hear Me well. I'm about to reduce even further what the kingdom of darkness shall be allowed to do and possess. Why? Because in addition, to what has been deemed as necessary to fulfill the end of days, My children have begun praying even more. When My children pray in faith in My Name, it moves My heart and allows Me to move for them more freely since it's at their point of faith I will meet and answer them.

A big concern that many of My children have sought Me about for their own lives and for those still to come, as they endure the circus of fake news and accusations, is for there to be some way to lessen or remove the enemy's ability to use computer animations, graphics, and imagine and such like. Many have prayed, not knowing all the enemy possesses, because they know I do, and I will honor when they pray this way in faith to Me in My Name or to My Father.

In addition, many have prayed, sought and asked there to be a way by looking at these types of things generated, to tell the truth by the natural naked eye. You have prayed these things too, Daughter, but you have went further with your petitions and prayers. You presented My Holy Word as evidence, all My Holy Word and pointed out the facts of truth that even though it's a time of deception and illusion that your world has entered into, the main illusion is to be antichrist himself deceiving the whole world to follow him, accompanied by demons and fallen ones, even some nephilim as needed, dressing up as fake aliens, because Heaven has said it would allow this deception, since so many in your world had embraced them.

But Daughter, as you pointed out in your petition, nowhere is it written that during this time lucifer's kingdom has to have the computer graphics, computer animations or imaging and such like. It's not needed for the collective hive of antichrist's beast system or its government. You are correct, Daughter. It's not written, but due to the makeup of how the mark itself is created, and how transactions in some entertainment will be done through the mind by the collective hive, some computer graphic imaging will be allowed, but not by the creation of the demons giving life to what is called the AI.

"In addition, I have granted in favor of My children who are seeking the truth, that every generated computer graphic, image, or such like will have seeable errors and will not be flawless. Remember, though children, the enemy likes to cast spells to blind or evil over the mistakes with deception, never stop praying or seeking for the truth in all things always.

This Daughter of Mine is effective immediately."

"So, Lucifer, I take from your kingdom except for 10%, this means exactly 10%, and not 10.01% or more. This pertains to every form of creating an image or imaging with use of the technology of electronics from the past, the present or even the future of what's found inside this created firmament. This judgment is fair. It is just, because lucifer, you still have the ability to do what you need to do. My children will always come first. This I do for My beloved children."

"Now Daughter release the two words from today, then prepare the word I gave you concerning the great reset in the days to come. It's time."

"Yes my lovely Lord Jesus Christ, it will be done with your help." "Mine is given.

Daughter, understand this. This world was not created for lucifer or his kingdom. I do what's right, just and fair. But know this, he does not have equal rights inside this created firmament or anywhere else but inside his kingdom . All the allowances the dark kingdom is given is what's needed to fulfill their part in the Scripture of Truth. This is possible because men's hearts are wicked and evil and they have chosen to sin instead of to serve and accept Me into their hearts as their Lord and Savior.
