

A Direct EMP Attack is not America's Future Dream 4-25-26@6:02 AM Shared 4-26-26

- "I dreamed again my lovely Jesus Christ. This was the second dream for this night. I have prayed over it, discerned and tried it and pulled the verses of what I recognized as being directly referenced in Your Holy Word in the KJV translation I have grown up reading, so I am really familiar with how it should read. I thank You Jesus Christ for this also. Holy Ghost Spirit of power and dearest Friend, I love You. Please don't let me write one word that's not from Father God in Heaven, my lovely Jesus Christ, or You." "I won't, now write Daughter of Zion, write."

When the dream began, I found myself looking up at the Statue of Liberty. My gaze was focused on her crown, the seven spikes on it. "This is another false god," I was thinking to myself. Then I realized the spikes of her crown looked more like the rays of the sun when they're drawn or sculpted. As I looked longer at the crown on the statue's head I heard these words spoken out loud, "Ra, the sun god, they are connected, but it's also." "Oh," I exclaimed, "the sun is a symbol for Ra, but it's also antichrist's chosen symbol. This is why New York City has so much evil hidden and openly seen within it. It's directly connected to antichrist's sun and beast symbol. His mark of the beast."

I glanced behind me for a moment and knew what I was seeing was Manhattan, New York that was across the water from where I was at. This would mean that I'm on Liberty island, I surmised. I looked back up to the Statue of Liberty. She was created to be the Greek equivalent of the fake goddess libertas also called eleutheria and other names when you do the research on her further than from the statue's creation date. "What about that," I finally said out loud then continued, "she's wearing a crown with sun rays connecting her to antichrist's symbol of the sun and its rays, not to mention the torch in her hand that is a direct symbol of lucifer the light bearer, the lightbringer. Why did they put a crown on her head though?" I asked out loud.

Suddenly the statue seemed to come to life, but only her face started to be animated. I heard the statue speak in a smug, almost arrogant voice these words. "I sit a queen and am no widow, and shall see no sorrow. I shall be a lady forever." That's when my mouth finally flew open. Not when the statue became animated, but when it started speaking Scripture from the Holy Word of God. These verses that I recognize from the KJV translation. They were Revelation 18:7 and Isaiah 47:7. I know I was more surprised by her quoting from the Holy Word of God than actually having the statue become alive and able to begin speaking, but then I've been shown a lot of strange things that the enemy does through my lovely Jesus Christ. As soon as the Statue of Liberty said these words, she became once again a cold and moving statue. I thought for a moment about what had just happened. Finally I spoke out loud. In Isaiah 47 it speaks of the daughter of Babylon who will be destroyed. She had said she will be a lady forever, but she will see some destruction from the hand of Almighty God.

We know by referencing scripture that this daughter of Babylon being a city, is the same one mentioned in Revelation 18. The city that declares, she sits a queen forever and would never be a widow. These passages both refer to the same city in Babylon. In many languages including French and Hebrew, cities are considered female in their languages. To be a daughter they would be considered a city, village or such like that was a small part of a larger area of land. For example, New York City's Manhattan where the Statue of Liberty is considered part of, even

though it's on an island and close to New Jersey, it is one of the daughters, the city of the state of New York with the landmass itself, would be America called Babylon by all of Heaven. Babylon is called the land surrounded by many waters, just like America is.

My understanding is this is why New York City, one in many cities in the state of New York, is called a daughter, but the Statue of Liberty has a crown. This signifies she's either a princess or a queen, but since this is in the hub of world activity and financial transactions, the place where the majority of America-Babylon's riches are, as well as other nations are located, it is the crowning city of financial transactions that's identified also by the Statue of Liberty's crown. She is the queen, the great harlot city of mystery Babylon and she will be destroyed within 1 hour's time according to the Word of God. It's all lined up with the written Word of God, but when you read Jeremiah 50 and 51, in addition to Revelation chapters 14, 17-18 and Isaiah chapter 47, the whole land of Babylon and its people are identified as wicked. They are included in much of the judgment and will be destroyed, but not until the queen city of Babylon-America's New York City's Manhattan falls. I looked up at the unmoving Statue then passed her to the heavens and asked, Jesus Christ is my understanding of this clear in what parts I know? No answer came.

I heard a noise as if someone was moving behind me. I quickly turned around to see there before me was the dark-haired Holy Angel Seth dressed totally in white long, robe-type garment. "Seth," I said in surprise! The Holy Angels of God are impressive to behold. Although they can show kindness and compassion, they still always appear to be a strong unstoppable force of God's power. I usually don't give this detail, but today I've been instructed to share it. The Holy Angel Seth nodded his head in acknowledgment of my calling out his name. He spoke quickly, "Daughter of Zion, of Heaven's Courts, I have been sent to speak with you on this matter, because although you do understand this part, you have other questions you have been seeking answers to."

"There is one question in particular you've been seeking answers for, if an EMP blast would be used against Babylon-America's whole nation as many people are saying that Isaiah 47:5 refers to. You've been told repeatedly already that when the weapons powered by the nuclear power were used each explosion shall put off and approximate 40 miles more or less EMP effect for each one. In addition you have seen at times by visions and dreams that during the invasion when some of the enemies begin facing heavier resistance, they have smaller EMP type devices they will use with the enemy supplying their own generators of sorts to be their needed power supplies."

"Yes," I said to him as I looked at him intently, "but Seth, I have never seen the whole USA taken out by an EMP attack." I looked around the area across the water then pointed toward Manhattan and said, "I have seen an EMP effect occurring here by many dreams and visions from Father God and my lovely Jesus Christ, but that's only after some type of nuclear device has been used. I've even been told that EMP being detonated in the atmosphere over America would not be used. But things can change if Father God or Jesus Christ's hearts are moved by mercy and love. Also, when studying about the end time days wars, the Word of God speaks of the use of swords, horses and such like in these wars in verses like Isaiah 2:4, Ezekiel 38:15 and Revelation 14:20. If this literally means the wars will be utilizing horses and swords and such like, then I could see that an EMP could be involved that would cause technology, electricity,

computer circuits and such like to become fried and useless. But that would mean that an EMP effect would have been used against all or a good majority of the whole world if the wars were fought literally by swords and horses and such like and not just on America-Babylon."

"These verses combined with the studying of other related ones is what's leading me to seek the truth of what this all means from my lovely Jesus Christ. But Seth," I said passionately, "EMP strikes worldwide are not feasible because there has to be some form of technology in use for the beast system and the mark of the beast to be utilized. Also, when reading in chapter 11 about the two witnesses that are killed, it says that people begin sending and receiving gifts to one another all over the world which sounds like the use of the internet. The witnesses are only dead for three and a half days, but the whole world will know about their deaths. This applied knowledge all supports that there will still be some type of technology in place during this time in our world."

I paused for a moment and Seth the Holy Angel spoke up. "Your questions, when asked and backed by the Word of God, when seeking for the truth from the Almighty Great God of Heaven and Earth and His holy beloved Son Jesus Christ, Yeshua Ha' Mashiach will be answered in Their time. This time is now." He looked at me and said, "Here is the answer you seek: Daughter of Heaven's Court. Concerning the use of swords and horses and such light as you have mentioned. Do not forget your world will be in a time of great dearth of famine. Food will be scarce for the ungodly and unsaved. The famine is not just a lack of food for the people and it happened until the Earth but for all life. There will not be enough horses left on the Earth owned by mankind, the fallen ones or even in antichrist's kingdom for all the wars that will occur during this time. Nor does this include the horses that will be utilized by Jesus Christ, Yeshua Ha' Mashiach and His Heavenly armies. Do not forget also that the famine during the end days are fulfilling the opened third and fourth seal of the book opened by Yeshua, Jesus the Christ, the Holy Lamb of God," he finished saying.

"That's right Seth. Most likely if any were left of the horses, the majority of them will be used for food," I replied. "Yes, Daughter of Zion. The famine is for the whole world. This is another reason the beast's mark will become so appealing to many of the undecided during the antichrist's reign," he said quickly then continued. "Daughter of Zion the answer to your EMP question lies in the Word of God and the passages the Statue of Liberty quoted, plus the verses that surround them. Remember what the Holy Lamb of God has taught you through the Holy Spirit. All verses need to be pulled that's related and not just pull one Scripture verse as a standalone answer."

"You're right Seth," I said. "That's exactly what I have been taught to do. Pull the verses and passages and study them out." Then I looked at the Holy Angel of God and said, "Seth I wish I had my Holy Bible with me. I will read the verses now." A small smile came briefly across his face that reached to his eyes. I watched him reach into the side of his white robe garment and he pulled out a book. Not just any book, a Holy Bible. This one is one of mine. I know it is because it has the floral tape I had used to tape the binding together from where it had separated from my using it so often. "That's my Holy Bible Seth," I exclaimed as I pointed to it! He simply replied, "Yes it is," as he held it out to me. I took it from him eagerly and hugged it to my chest. I looked around and walked over to a bench I saw within view of our location. The Holy Angel of God followed me to the bench, but currently remains standing.

I opened the Holy Bible quickly to Isaiah chapter 47. Verse 5 was the one that so many quoted as the one supporting an EMP attack over the USA. I had never taken it to mean this, but I wanted to know Father God's truth. I wanted to know Jesus Christ's truth, so I had begun asking and praying for it as the Word of God instructs us to do. I begin to read verse 5 out loud. 'Sit thou silent, and get thee into darkness, O daughter of the Chaldeans: for thou shalt no more be called, The lady of kingdoms.'

"Okay Seth, this ties in directly to Revelation 18 where she says she will sit as a queen forever which the Statue of Liberty quoted. Let me start at verse 1." I begin to read it out loud. "Come down, and sit in the dust, O virgin daughter of Babylon, sit on the ground: there is no throne, O daughter of the Chaldeans: for thou shalt no more be called tender and delicate. My understanding here Seth is the daughter of Babylon of Chaldeans being called a virgin is symbolism used in comparison that Babylon had remained untouched, pure from foreign Invaders. A virgin is pure and untouched. This is why it's written this way. Right?" The Angel Seth gave a brief nod of yes with his head, so I continued. "In verse 1 and verse 5 of Isaiah 47, it declares that they are talking to the daughter of Babylon. We must remember this would mean that the word or title of daughter is referring to a city. A city that is a daughter of a bigger piece of land, meaning New York State in this instance, but also America as the whole land of Babylon. So that means..... and then I stopped.

The Angel Seth spoke up quickly, "Yes Daughter of Zion this reference of going into darkness refers to the daughter of Babylon, a city and not the whole land." "This would mean Seth," I said quickly, "where it speaks of the blackouts, the going into dark in Isaiah 47:5 for the daughter of Babylon, it very well could be a reference about an EMP effect caused when the nuclear weapons detonate inside New York's Manhattan." "Yes Daughter of Zion, this is what it means," he said quickly. "It's not a total darkness over Babylon, but only one daughter which you know from speaking with the Majestic and True Living God of Heaven and His Son this is one city. It's New York City with Manhattan being pinpointed with the Statue of Liberty and her crown," he finished saying quickly.

"Oh wow," I said thoughtfully. I paused for a moment and this spoke once again. "Oh and in Revelation 18:10 Babylon is actually identified as a city that's being destroyed in 1 hour. This identifies a queen spoken of earlier as a city also. Now in Jeremiah 50 verse 1 it says this. 'The word that the Lord spake against Babylon and against the land of the Chaldeans by Jeremiah the prophet.' This shows us the righteous judgment is on all the land and not just the one city, but the one city being pointed out as the daughter and also the queen is the evilest of them all. All throughout the whole chapter 50 of Jeremiah it speaks of judgment on the whole land as well as on the city of Babylon. While chapter 51 calls Babylon the land that dwells upon many waters in verse 13. In addition, Jeremiah 51:42-43 also speaks about land being covered with multitudes of ways and her lands becoming desolate with the end result of it finally being sunk into the waters in verse 64. This is also mentioned in Revelation chapter 18," I finished saying.

I looked around briefly once more then looked back down at my Holy Bible. I spoke thoughtfully to the Holy Angel Seth. "Seth, somewhere between the city of Babylon which is referring to America's ruling financial power City of Manhattan, New York and it being

destroyed in one hour's time and the whole of Babylon sinking into the waters, the land itself is to become desolate. So there's definitely more time in that it has to become desolate before the city after the city has been destroyed and Babylon sinks into the waters. This space in between where America's NY Manhattan is struck and our nation will no longer be considered a super power among nations and being sunk, is this when America becomes invaded and also the land becomes desolate, while the 2nd Exodus is occurring?" I asked. If so, this definitely shows there's more time in between after Babylon America's New York City is destroyed as written in the Word of God."

"Yes Daughter of Zion," the Angel Seth replied. "When one realizes for Babylon-America, though still wicked, to be able to defend herself long enough for the Holy Lamb of God, Jesus Christ to help His children to get to safety, there will be a need for some ability for your government's military to have and to use of its weapons and technology. In addition the invading armies of Putin, Xi Jinping and others also need to be able to use such technology like what's found on your towers and ground satellites carrying the 5G or higher signals and networks. With the reduction of the number of such weapons, technology and knowledge of so much of the kingdom of darkness' being taken from them on orders of Yeshua, Jesus Christ in Holy Righteous judgment without any ways to replenish their existing amount allowed, they will be less likely to use the EMP devices that wipe out large areas and masses of land formations. This too was part of the reasoning in fair justice when the Holy judgment was issued against lucifer and his kingdom."

"Know this Daughter of Zion and of Heaven's Court, some of Jesus Christ's children have misinterpreted times of darkness seen in visions and dreams given to them as being EMP attacks. While most others have been the prophets that prophesy a lie in the God of Heaven Faithful and True, and His Son's Name. These have been words, dreams, and visions that you have tried and tested in Jesus Christ's name as you were seeking his truth and you know they did not come from them. Because it's as He told you from the start. There will not be an EMP that is used to totally wipe out America-Babylon's grids, electricity, technology and such like. Although she, and other nations as well, are open and vulnerable to such attacks. To do so would hinder their own ability to use their own technology and equipment when it comes time to invade and take into captivity Babylon-America's land and people. Now. Daughter of Heaven's Court, Jesus Christ, the Captain of the Host leaves you this command. Try, test, and discern all that has been shown to you this night in His Name like a good soldier and daughter and Him." Then I awoke.
