

The Winds of Change Have Come 9-15-26@1:53 PM Shared 9-17-26

I keep hearing, "The winds of change, the winds of change have come." As I looked out the kitchen window the wind outside began blowing strongly. I then heard, "The winds of change have come, they have arrived."

After praying, Jesus Christ, this discerns as from You. So Lord, I'm here to pray and seek You for clarity of this meaning, if it be Your will for me to know my lovely Jesus Christ."

Write, Daughter write, The winds of change have come. They have arrived upon the world of man, ushering the time and era of the beast and the Great Day of the Lord of Wrath.

The winds of change have arrived, Daughter. The transition from Age of Grace to Consuming Wrath and tribulation is all but here.

"Did I not say there would be a time of change, of changing in this world Daughter?" "Yes, Lord, You did more than once."

Listen to the echoes of the drumbeat of the drums of war. Now no longer are they just a steady continuous beating. They have now become a beating of a furious frenzy because war that's coming in its entirety shall not be stopped.

War that's full of man and fallen angels' many evils.

War with their conventional weapons, artillery, and mobile armies.

War with their missiles and wave technology.

War with the use of satellite balloons high in the sky.

War of devastating nuclear power, radiation, and fallout that brings an extremely deadly and cold, cold winter to your world. None will be left unaffected. But Daughter, Putin's forces already endure the severe cold of some of the bear's regions of land. This shall only hamper him slightly while to your nation and others in the world it shall be deadly.

War comes with the use of horrible chemical weapons of mass destruction.

War comes with the use of horrible biological weapons including the release of more man-made illnesses, plagues, and pestilences.

This war shall bring many nations to their knees, as the beast, the antichrist comes riding in on top of it all with a plan of uncompromising peace, but not in the conventional way of a peace agreement.

Look for the so-called green agenda to be one of the foundational pushing stones to reaffirm a contract for unity of peace in a world at this time that has been poisoned by the effects of nuclear, chemical, and bio weapons' war. In addition, to the burning of much of the world and the poisoning of many waters as My foretold judgments written in My Holy Word are unleashed and completely set free upon this evil world until all comes to complete fruition.

Israel shall be included in this agreement of many, which antichrist, the man of sin will break, for he cannot keep his word when his soul and heart are so fully evil with many demons living inside

him even now. But he is not controlled by the demons like most people are, because he has been chosen to be.....the man of sin.

But they do empower him with much added strength and ancient knowledge from the fallen ones, made readily available to him through their collaboration to be in his body and life. Their added strength is in addition to all the modifications he has done to his body genetically and through cybernetics.

The winds of change have come.

A changeover fully from grace to wrath for the world and its inhabitants.

A change from a world of leaders to a world with one leader at its head of power.

A changeover from the age of the Gentiles to the age of the Jews.

A changeover from fragile peace to war.

A time of change from lucifer and his kingdom's control in the world of man through controlling mankind, to a changing of power and rule being restored to Me.

A changeover has come for the world for many, from a land of plenty, to one of famine and collapse.

These are but a few of these changes that shall occur.

But first Babylon-America shall be brought to her knees. The statue of liberty, the symbol of the queen of Babylon in Isaiah, of the great harlot of the book of Revelation, shall be brought to her knees as Manhattan is destroyed but not totally. For she is a vile, vile city of much evilness and hidden atrocities performed in the shadows of darkness. So she shall receive double the dose of righteous holy judgment. The first attack upon lady liberty's city of Manhattan, that which is connected to, will not fully destroy her by nuclear fire.

Within the land of evil wicked Babylon-America shall be, shortly after the darkness rises that fell for 3 days, the detonation of the ten black suitcases containing the rogue nuclear devices. Two of these shall lie within the borders of Manhattan. For the second time, her doubled punishment by holy judgment, these devices shall detonate and all that will be left of that evil, wicked city will be charred ruins, poisonous lands and waters, and a few that people will say had miraculously survived.

The hidden tunnels and city's exits shall not offer escape these two times for the evil inhabitants of America-Babylon's New York's city of Manhattan. Just like My Holy Angel withstood Balaam, the mad prophet from passing before I opened the donkey's mouth to speak to him. So shall My Holy Angels take up guard around the exits, the tunnelways and all known ways to Heaven on how to quickly leave the evil city, for those who are evil inhabitants of this vile, wretched place.

My Holy Angels have already taken up their guarded stations. None shall pass through them unless I give a command for them to do so and let someone pass.

Now lucifer, hear Me well, during this time on the Earth from the past to the current time, you have ruled by force the waters of the world. You have constructed in the waters deep, facilities,

kingdoms, cities, waterways, tunnels, expressways of travel, control of pipelines, and fiber optic type inventions to the world of man above and below the waters and above and below the ground.

You have tried to control man by building your kingdom in the heavens and sky so that when man looks upon the heavens they will see and worship what was made by your hands and not from the hands of this world's Creator.

As I have forewarned you, the heavens from the upper to the lower shall be cleared out of all things not created by Father and by Me, except what is deemed necessary for your kingdom to fulfill its end time part of these latter days. Yet you continually try to replace or place into the heavens more and more. I know your heart! It's evil and your thoughts are, 'If it's only 10% He's going to allow, the more we have already in place when the final battle is completed during the three days of darkness, then our 10% will be a greater number than at first.'

That would be true if that was what I meant and if it has been judged rightly that it's needed to be done so. You assumed lucifer. Pay attention to what I tell My children openly. You should never assume anything.

When it comes for the satellite capabilities needed in the world of man after the initial start of war when Putin fires upon America-Babylon and she retaliates and the initial days of strikes from the higher heavens by such type nuclear missiles, the rods of god and other weapons used, then after each has served its purpose the satellite or satellites will be cast out of My heavens by My Holy Angels.

For your end time mark of the beast and the collective Hive to work worldwide for complete coverage you shall have a total number of three in the heavens. All your surveillance shall be brought down to the Earth's surface should you be able at some time be able to acquire a signal for it to work properly. Do not forget. When the Magnetic Black Rock Mountain that helps hold this world together by My command, once it shatters, the world will no longer be able to maintain its created balance. This means a changing of the frequencies, notes, patterns of the earth, its vibrations, the balance of things shall be broken and never restored.

They will not be a perfect pitch, tune, note, and such like. Frequencies will no longer be the same nor any new ones maintained stable enough to use all the time except the one frequency to be used for the antichrist's mark of the beast to ever maintain a connection to one another in antichrist's collective hive in which he will rule over through his mind. It's through this collective hive mind as time progresses that all who take the beast's mark will become his surveillance tools

Inside the three allowed satellites of My choosing, that the man of sin shall be allowed to keep to use for the one generated stable frequency for his mark and collective hive, there will be allowances made for him to use at times for the things needed to be broadcasted through his reign of terror.

There will be times because of this need to lock on to various frequencies in between the randomized changing for him to use them, but not for any type of surveillance or spying. Should the attempt be made by antichrist or anyone in his dark kingdom, the acquired frequency will fail immediately and randomly change to something different that will become useless to them at that time.

Why am I speaking so much on frequencies, notes, tunes and such like? Daughter, most do not realize this world was created by sound and inside sound are all these things. Lucifer and his kingdom understand exactly what it means.

What I mean Daughter by the world was created by sound is this.... Father spoke.. which is by sound. Father commanded, He said it's written in Genesis.... Speaking is words. Words spoken out loud are only possible by the forming of sound that's only possible through notes, frequencies, vibrations, pitches, even color and such like things. To limit these are to limit his control and further destruction of this world and mankind by his kingdom's hands. This Daughter is part of what I am referring to.
