

The Invasion & More Safe Zones 7-12-20@4:27 AM Journal Entry

"Dear Jesus, I love You and I wanted to say thank You for being such a wonderful and great God, for even when we fail You, You still love us. As I draw closer to You, I find my life has been changed drastically and again I am grateful. Even while playing Barbies with my granddaughter, I had dressed the Barbie that I had been playing with in a halter top which had left quite a bit of her cleavage exposed and You asked me, 'Is this an acceptable thing for me to have on the doll that I myself was playing with, for this is telling the child, your granddaughter that this type of immodest dressing was acceptable to you? Be an example of Me in all things.' So yes, I repented and then immediately I changed her clothes, and I thank You God, I thank You for working in my life in all ways, all things. I want nothing, absolutely nothing to be found in my life that is displeasing or unholy, unacceptable in Your eyes! Thank You O' Lord for taking time to reveal these things to me so that I can through Your help and the leading of Your precious Holy Spirit, I can correct, repent, and no longer do these things that are in the eyes of the world as okay, innocent and accepted, yet, in Your righteous, holy ways they were found displeasing in Your loving eyes. Thank You God, thank You so very much!"

"You are welcome Child. When you pray for My Holy Spirit to lead you in the ways of truth and righteousness with a sincere heart, then He will not only reveal the big things found within your life that need to be addressed and corrected, but as you found out yesterday, the small things too. In the eyes of your world there's nothing wrong with your Barbie doll wearing a halter top. It's only a doll and you are having innocent fun with your grandchild, and it pleases Me to see you spend precious time with her. But Child, when you who knows right from wrong decides to willingly dress this doll in an outfit that is exposing much of the doll's breasts, then therein lies the problem when you had other clothes to choose from that were much more decent. Now if this was the only clothes that were available for the doll to wear, then I would have said nothing to you, but just because you liked the colors in the halter top, you chose it." "That's exactly what I did God." "Yes, Child, I know, but you did well Child. Once this was brought to your attention and you were able to address and discuss with your granddaughter on how to dress in a way that is found pleasing in My sight, then this Child, is a very good thing. Child, you must be constant in all things letting down your guard for no one, no thing ever, for have not I told you within the pages of My Holy Word to be sober, be vigilant, for your adversary satan like a roaring lion is walking to and fro upon the earth, seeking to see who he can devour?" "Yes, Lord, yes, it does."

"You are always telling Me Child, that you trust Me. You trust in Me and My holy ways, but Child, trust surely does go both ways, and you have been found faithful in many, I say many things of late. I, Child, I trust you! I trust you to follow the leading of My Holy Spirit and although you are frail in nature, your body made from clay, from the dust of the earth, if you fall even momentarily like you did yesterday, I know also, as you did yesterday, that you will follow Holy Spirit's leading, and when He reveals to you, and brings to your attention how that you have erred, you will take the reproof like that of a good soldier, correct the wrong by repenting before My holy presence and you will pick yourself back up with My help and you will continue this walk of faith and this also Child is a very good thing. Now dear Child, dear Little One, it is needful for Us to discuss further this war of nations in more detail." "I am here Lord, and I am ready to speak with You and to learn of these things that You wish to discuss."

“Child, man has for too long ignored My pleadings, gentle at times and urgent, even forceful at times for him to repent from their evil, wicked ways of sin, yet, few have listened. Now Putin sits upon his throne, his seat of power as ruler, as president of his great country the bear of Russia, and no one will be able to dissuade him from this course. Though evil, it is necessary, and has been brought forth by My command, for man has been judged by My righteous standards and not his, and your people, the people of your nation and of your world Child, as a whole have been found guilty of the failure to repent for their many, wicked, evil sins which they continue in daily, nightly, before My holy presence.”

“When I first revealed to you that the declaration of war through the mouth of Persia, of Iran was to be made, it was to be on Purim the time of great celebration for My beloved nation of Israel, and if you will remember Child, I had revealed to you that your nation, your land would be invaded upon your own soil. You knew at this time that it would be Putin and Iran who would attack you, and also the people of the south, that which is called Mexico would rise up and attack your nation on its very own soil as well. The people of the south... of Mexico due to many things with famine being but one, will rise up and join the combined forces of Putin and China. Your nation now instead of just being invaded from the west through your state known as California, and the other being New York, your nation shall find herself being invaded from beneath From the south through the people which are called Mexico, and then being invaded from 1 times 3 directions, instead of 1 times 2.”

“Child, it is always a good thing when seeking Me for all things. If something changes to seek verification, confirmation from Me, lest the enemy tricks you and snares you into one of his traps. For your enemy satan is a wily one full of much harmful mischief and much destruction. To destroy My blessed children, actually all the people, those saved and unsaved is what he strives on. I will not change something, not even an answer, without telling you the ‘why’s’ when you seek Me for the answers. To not do so would bring forth much confusion and Child, I am not the author of confusion, but satan, your enemy is. Child, your people will be fighting to survive through war upon your own soil, plus battling the hardships of famine, lack of able bodied soldiers causing the drafting of your people to occur not once, but thrice in acts of desperation to keep your nation from being taken by the combined forces of the evil Putin of the bear and Xi Jinping, the king of the east, of China, Kim Jong Un who will send aid and reinforcements and that of the people of Mexico.”

“Many people will find themselves being herded by your government, your military in areas designated as ‘safe zones’ which your state of Wyoming will have been deemed safe and Nebraska though struck by one of the missiles, the weapons of the nuclei during the strike upon your land by the young, but evil dictator Kim Jong Un when he unleashes his promised Christmas gift he announced to your nation last year in which he will target and hit the Crow Butte Uranium Mine in the southern part of this state in your once great nation. There will be other locations Child, that will be considered safer than others from the invading forces, yet, many will be forced to face the hardships of flooding, of the weather as nature lashes out at mankind through My command dispersing storms of great wrath more centrally located within

your states. While all around the other states shall be enduring the fierce heat of the sun causing the great dearth of what's left of most of your good soil to produce food to become almost impossible as the rays from the sun dries up your ground into dry, barren, cracked and parched lands. The state of Washington Child, you will find to be a place in which your military, your country's government will hold the vast majority of the enemy's forces. These invading armies, the people of whom they have captured during their many battles of this war of nations upon your soil. Also known by man as their prisoners of war and this being one of the largest of such locations. But the people for the most part will find themselves headed from the invading forces of Putin and China from the west, Mexico from the south and Putin, with the aid of Kim Jong Un, and even Persia's reinforcements aiding from the north east in the invasion of your city called that of New York. Although it will be struck by one of the weapons of the nuclei during that of Putin's first strike, it will not affect their ability to invade this city through their open sea port. For your state of New York shall surely be struck at the Robert Moses Niagara Hydro plant to take out your power supplies of many areas surrounding it, thus crippling this area and making it more readily accessible for an attack upon your soil."

"Other safe zones or designated areas by your government will be more to your middle and northern states being those of Idaho, Montana, North Dakota, South Dakota, Iowa and some parts of Missouri to name some of these areas! Again, Child, your states within your once great nation that will become partly invaded shall be California, New York, New Mexico, Arizona, Connecticut, New Jersey, Florida, and Vermont, but none will be completely overrun by your enemies. There will be other times that other areas of other of your states within your nation will be given the orders to evacuate due to the potential invasion or ensuing battle, but no land will be allowed to be conquered in part by your country's enemies except for the areas that I have ordained and designated. Your nation, your people shall be during all this time experiencing and suffering at the hands of this coronavirus that has continually mutated, the last being sent by Me, worse than the first and many, more of your people shall become ill. The continual spreading of the aforementioned Coronavirus shall 'aid' in the need of more people needed for your military, for soldiers to fight the invasions upon your soil, causing the drafting imposed upon your people by your shaky, yet, somewhat stable government. But it shall also spread like wildfire among those forces that dare invade your country. For she was once, one of Mine, and all those that belong to Me, or those who once did at one time during their allotted time upon your world, this earth, are not to be touched. To do so is to cause My great anger to be invoked upon all that would choose to do so."

"So when these invading forces start capturing and taking prisoners, whether they be soldiers or civilians by nature, through them I shall unleash this virus upon them all, causing the fall of many, many soldiers not only through the great battles that shall be fought, but through this microscopic germ which if you had paid heed to the information I had provided unto man, there would have been a 100% cure found. This will be but one of many diseases, both known and unknown that shall plague these invading armies and the inhabitants of your world, the earth. With the invasion coming from the west, the south, and the north east and even the south east, for the people from the south shall surely invade the state that which is named Florida upon your once great nation, the ability to receive supplies and the necessary necessities needed for every

day survival shall be hard to obtain through your open ports, your sea ports. Most of these are located in areas that are going to be invaded, or who have been affected prior from the weapons of the nuclei that are unleashed upon your once great nation causing your nation to rely heavily from the limited space of your great planes of the air and through your ally Canada in which much of your aid will be dispersed from. Although roughly mistreated at the hands of your president, this ally shall stand true and firm, rivalling that of the support and aid, the loyalty of that of the queen of the east, of the UK, and that of My beloved nation of Israel who although she will send supplies, much needed aid and soldiers, for the most part will fight the battle in the region of land of that which is called the Middle East and will help in protecting your soldiers and people that remain in this area along with the aid of the queen of the east, of the UK as they fight against the forces of the countries of Iraq, and that of Persia, known today as Iran.”

“Kim Jong Un, though his country, that which is called North Korea shall be greatly damaged, crippled somewhat from the strike upon his land by the queen of the east of the UK in retaliation of his strike upon your once great nation after you were already down and crippled from Putin’s first strike upon your land, your nation, he shall still have the ability to invade his neighboring country that is called South Korea after they show support and give aid unto your nation until such a time as they become invaded by the hand of Kim Jong Un’s forces.”

War Child, it is brutal and the taking of another’s life force is done frequently and to some easily, for such is the way that man’s heart tends to run into that of great evilness, yet, still Child, there is hope! Hope that is only found in Me when you invite My Son Jesus Christ into your heart and He washes you clean from the inside out. You will have hope! You will have peace, joy and love, and even if one of My little ones shall perish and many shall, to be absent in this life from your body, to perish, is to be present with Me, in My holy presence, for there to spend all eternity with Jesus, your Savior and Me. I tell you these things not to drive you into a fear of torment and panic, but to warn you, to prepare you, for all that is to take place so that first and foremost you can prepare your hearts, repent and get right with Me, your Maker, rending this evil, wicked sin out of your hearts and to make preparations, for war is here. It is here and being prepared now can make the difference of your lives being hard, to that of being severely harsh and difficult. You have been warned O’ foolish man, so why do you still hesitate to do all that I say for you to do this day, for many have known for many of your months, not lifting a finger towards preparations. If Noah had been like you, then he and his family would have perished in the great flood with that of the rest of your world. Prepare yourselves! Prepare your hearts and obey the leading of My Holy Spirit for your stubbornness to prepare rivals that of those refusing to repent before Me, for if I delay My Son Jesus’ coming, then you shall all surely enter into this war of nations. Repent and repent now! Prepare and prepare now, for you have been warned. You have been warned not by one alone, but by many.”

Matthew 4:17 From that time Jesus began to preach, and to say, Repent: for the kingdom of heaven is at hand.

2 Chronicles 7:14 If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.
