

Only 10 Data Centers Are Possible; I Am God 8-8-26@5:08 PM

1 Corinthians 2:5 That your faith should not stand in the wisdom of men, but in the power of God.

Now tell Me, Daughter, tell Me, is it not so,? When the darkness comes for 3 days then lifts, there will not be any electrical power of any type in large amounts in use until power grids are restored. During the 3 days of darkness I shall drain every backup power supply the enemy will possess at that moment in time. Except for those needed to allow the enemy to open one large portal doorway into the spirit realm as the two realms fully merged into one inside the darkness.

Tell Me Daughter, if all back up power supplies cannot be used when the grids have to be slowly restored above ground, then how will the many data centers be able to come back online without power? My hand has already moved against the building and further advancements such as such data centers.

In addition, there will be a shaking like never before in the world of man. Islands shall fall, new shall arise, as well as cities once buried by water and dirt. Land shall divide. Destruction shall come forth and when it's all finished, as the world enters into the new Day of Wrath and tribulation, I assure you, there will only be the 10 medium sized data centers left standing or left capable to be powered.

So you see Daughter, it really is a simple matter. What I have spoken shall be done. I shall protect My children in ways that are fair and just, yet still this allows man of sin, antichrist, his written part found in My Holy Word. My ways are not man's ways, nor his thoughts My thoughts, nor are those in the kingdom of darkness.

Narrow-minded people cannot see the fullness of the promises of what I speak Daughter. Those who trust in what their physical eyes see, will never learn to walk in the fullness that faith in Me brings. I have spoken to you on this not because you have doubted but to grant to some of My children the knowledge of how I, working in the world of man and all inside it, can very well have all that I speak come to pass. I do not speak idle words of empty promises as man and fallen angels do Daughter.

Only 10 Data Centers Are Possible; I Am God.
