

America Burns After the Darkness Lifts 12-29-25@3:12 PM

"Will you deliver a word for Me, My daughter?" "Yes I will my Lord Jesus Christ with Your help." "Daughter, My help is always given and offered to My children. It's just that many times they refuse to take it, determining within themselves that they don't need My help, they can do it on their own! So I watch them fall, waiting for them to cry out to Me and let Me finally help them. It's not My will for them to face their trials and adversities alone in their own strength."

"Now daughter, on the fortnight of the days after the darkness has lifted, when all that is called to begin, begins, I shall burn that evil wicked city, the land of Babylon, of America. Even now her stench has only gotten worse from her open festering wounds caused by so much sin in her, and around her. Like gaping holes in one's flesh, so has the sin eaten away at the people of this land who no longer have any godly morals. This is due to the lack of true knowledge of My Father and Me. This only comes about with intimacy, by spending time with Us, and not with empty, hollow, blackened hearts filled only with selfishness and pride. Feigned lips, empty words of praise like programmed robots they offer to Me their Holy God and Creator. While others show more life at a funeral service than they do when they are pretending to spend time with Me."

"I say this because...a quick look at the clock, a comment such as, 'I've got a few minutes to spare before we go out to eat, before we attend the game or go shopping,' or whatever else you choose to do to vainly fill your time, then you rush into a room, close the door, if you even take time to do that, and say a 2-minute prayer to Me to appease your guilty conscience. Because you forgot during your busy schedule of pleasure seeking and fun, to pencil Me into a larger amount of time to spend with Me. You can't deny it children, for I know what's inside your heart's more so than you."

"The atrocities of this nation are great! Your nation's lady liberty that stands to greet those coming to Babylon-America shall soon fall. I shall crumble this fake god in such a way all will marvel at how such a great lady of justice fell to such disgrace. There's no justice or liberty in lucifer's kingdom, only bondage and slavery."

"The 10 hidden suitcases daughter, with the rogue, nuclear devices shall cause the beginning of the permanent fall of this one's great nation. Even in this it is the people that make the land into what it is. Just like with so many of the Hebrews who are still scattered across the world. They're still part of Israel if they're of Jewish descent. The people make Israel what it is, whether it's good or bad. In addition, everywhere one of the Jewish people reside, one could say, because of their heritage, Israel the land is there with them. The same with those in other nations like the evil Babylon of America. Wherever the Americans are living or visiting, there's still Americans who are connected to the land. So they are America, and America is found in them."

"Why am I pointing this out, children? So you can understand that even in judgments relating to a specific land, or nationality when scattered, if I so choose, and it's not stated prior from Father or Me, then the starting of some judgments can be that of a person from a land, but living somewhere else. This is done at times so My mercy's hand can be extended at times to My faithful children."

"Are you referring to the holy judgments now against America-Babylon of the 10 hidden suitcases being detonated? Because the first location You have given us, actually the second one also and they are in New York, or are You speaking of a judgment such as the 3 days of darkness that falls and starts at noon on a clear day, during the time of light it means in Amos 8:9? You have already given a warning that it would be at Israel's noon, more like high noon. This will be the land of Israel unless in the 3 days of darkness, You start it at noon for one of the Jewish people scattered in other lands and nations. Is this what You mean Jesus Christ? Because if Israel the land is found in Israel its people, then You can choose any one of the Jewish people to use as a starting point. Am I understanding this correctly my Love?" "You are, daughter." "Am I supposed to share this information?" "Yes daughter you are."

"Are You going to do this? Are You going to choose for the sun's going down at noon at the start of the 3 days of darkness to be at another location than Israel's physical land? Meaning any place one of the true Jewish people are located at could be the place You choose, because by nationality they are also Israel itself, because it takes people to make a nation, a nation, and a country to become a country. May I ask why You would choose to do this my lovely Jesus Christ?"

"It is because I want My children to seek Me themselves of the noontime I shall use for the 3 days of darkness. Daughter, I have spoken with you before of how time, My noon is the same for the whole earth when I first created the days for man. It is the fallen ones of the kingdom of darkness who have led man into the erroneous use of time zones. How foolish it is for two islands that are close in their proximity to be zoned by man as 26 hours apart, when each day consists of 24 approximate hours. There is no way in man's system of time zones for the nation's times and dates to match up. Is this not utter confusion and nonsense? Yet the men and women of this world follow it blindly as if it's the absolute truth. No man, no woman, no child on the earth can know the exact moment, day or time, for any event that is to occur with so much error. Yet this is what the structure of man's life is built upon since they turn from seeking Me for My truth."

"This is not being done to confuse My children, but to awaken them to the deception they willingly embrace each day in their lives, because this is how they've been taught! While inside My churches, My children are deliberately being untaught, untrained in My Word and how to war effectively in My Name Jesus Christ, Yeshua Ha' Mashiach."

"My intention is to have My children seek Me for My noontime of Israel. My Holy Ghost can warn them it's close to the time. In addition, this shall remove from the enemy's hands the knowledge of which noon I shall be using for Israel's noontime when I call forth the darkness. My children have the unfair advantage over the kingdom of darkness in this matter, because My Holy Spirit shall warn those who are paying attention. With Israel's noon now being any location since My Word written speaks of it covering the whole earth, now the kingdom of darkness shall be left guessing without having the upper hand or any advantage over My children."

"I shall do all that's needed for My children who will heed and listen to be prepared as much as they're willing to be when it comes time to enter the fiery, purging trials inside the 3 days of darkness. For those who are not ready for My return even after all that's been endured inside the darkness, be ready for Babylon's fall! Be ready for the activation of the mustard like gas that's laying dormant inside so many that ingested it in its aerosolized form into their bodies at not one, but a total of three locations already. For this soon shall occur and appear not only in evil Babylon's people, but those that traveled from other lands when one location of the martyr caused many together on his behalf. Now I say to those with listening ears, run inside, shut the doors, buckle up and brace yourself in Me it's time for darkness, 1 2 3."
