

I Will Not Stop the Enemy's Plans Against You Babylon-America 3-21-26@2:35 PM

Daughter the mountains called the Star from the area Amy she grew up is host to covens this weekend. A gathering of others from all around uniting and preparation for the attack on New York by antichrist's Pi 88. This is in part also to take notice off one of the most important days of hopes in My children's lives. Resurrection morning. The time when many, although intermingled with the bunny of easter's shadow will still turn their focus to Me and what I have done for mankind.

Daughter, this is just one gathering among many but in these mountains you know well, host a stronghold of the enemy. One that once you were made aware of you prayed against, as My Holy Spirit led you to do. In addition the covens, the illuminati, the shadow keepers, the round table, the freemasons, the druids, and all such like are united under the leadership of antichrist, his false prophet obama, and the sitting Pope who is not a legitimate one when one seeks of truth of the written inscriptions of laws and regulations before this Pope arrived to replace the last Pope Francis. Both are evil to the core.

Vengeance is Mine daughter, it belongs to Me, to My Father. I am His Right Arm that reaches down to humanity restoring God and man back together as they were created to be. All because of My sacrifice for mankind. Babylon America is wicked and evil and I am running through her with holy righteous vengeance like a plow plowing a field. But I still hear My children's cries, their pleas, and their prayers. I do not abandon those who are Mine even though many like you, daughter now live inside enemy borders. This is where I protect Mine and prepare that table of plenty, of blessings and security in the midst of your enemies as your Good Shepherd. I'm hearing your prayers, see My children. I'm still striking at the heart of Babylon-America's poisonous blackened heart.

I'm running My holy plow of vengeance through the area of Star mountain's surroundings. I shall make it no longer profitable for the enemy to gather there and unite against My children. Now it's also time for Wichita to come into My targeted view. I gave warning because there are those who are Mine inside her walls.

The enemy is also trying to unite to regain, they think, control of the weather so they can manipulate the areas they want to cause havoc to. Hear Me kingdom and darkness that is not going to happen! From here on out I maintain My control on all that occurs inside this created firmament, the earth, the heavens, and the seas of water deep.

What the government and nations of your world fear the most has now occurred. Although you have created horrific act upon act, disaster upon disaster, evil upon evil to try to start the tribulation in which antichrist reigns and your great reset into a one world united government, and church with one digital money, you failed to alter the path of time to veer from that which I have commanded. What My Father has commanded.

Take one more look O' world and fallen ones for never again shall you get a glimpse ahead of what's coming. Now you live each moment in time like man was created to live it. I say this to all the inhabitants of the earth. Once my daughter releases this word and it reaches the ears of the

enemy, there remains one look, one last look ahead for six seconds of man's time. So choose wisely kingdom of darkness because when I give the command this ability of any type inside man's created firmament permanently goes dark. Now only those who trust in Me, who trust in My Holy Spirit and the discernment He brings to My children shall any know in advance what is to come. No more playing God by seeing glimpses of the present, the future or the past. Hear Me kingdom of darkness one look, one location and one device, then I shut it all down by My count on Father's command.

Daughter, prepare for the darkness to come. It's time to explain to My children those with listening ears and seeking My truth what I had meant when I spoke to you of the times of the happening of the 3 days of darkness. This is when I spoke with you after mercy was granted and grace was extended. What I meant by 'this' year and not 2026.

"Lord Jesus Christ, You're going to let me explain it now from the word I am Love?" "Yes daughter I am. Many do not, still yet, understand how a year is for Father upon creation." "Okay, my lovely Jesus Christ. Do you want me to explain it after You have finished all You wanted me to share?" "I do daughter."

I say to My children in Babylon-America take heart in Me. Hide in Me. Ride out the storm of coming things under My wing, because Babylon is wicked. Babylon is evil. She is guilty of so much more that's about to come out. I will not, Myself, stop this plan of antichrist concerning their day of Pi of March 25th. I will not! It is in their hands now. Since it has been exposed and revealed to some, they may still go forward with their plans or they may not. I say this to you daughter because these are their plans. It's been planned for a long time, but since it's their plans and Babylon-America has now become My enemy, the choice of how the enemy chooses to proceed on this matter is in their hands.

Children run in and shut the door and hide in Me. Because though evil and severe, it is a just and fair judgment against this evil, wicked city of New York's Manhattan. And should the enemy choose to change their plans, for I will not tell you children except one-on-one the answer, I'm still unleashing a further furious onslaught upon your lands. Can you not see Babylon-America is now burning? Fire blazes, snow falls, storms come, hail falls, rain comes and I've only begun. But keep watch on other nations for I'm moving against them as well.

Now as far as the war of Israel, Iran and America the casualties mount. The death toll rises. People are so focused on where is Netanyahu, they're missing the truth that's being displayed but hidden by the disappearance of Netanyahu. Though wounded he's still not dead daughter, but he will return in the flesh, the same but also different.

Be prepared for hell's gates to be unleashed. I'm sending the darkness. Take notice of My cherub and his wheel within the wheel.
