

Can the Devil Copy the Power Like Found in Jesus Christ's Name? NO! Absolutely Not!10-25-26@12:30 PM

What's in a name? Can the devil copy the power like found in Jesus Christ's Name? NO! Absolutely Not! Will he try? Absolutely! In the Name of Jesus Christ is found all the power of God inside it needed to be all-powerful. Lucifer, the devil above all else, wants to be worshiped like God is. He will never be. He's not even able to reach the position of second best. He is neither holy, or righteous. There is no truth found in him. He is a thief. All he is capable of is to steal, kill and destroy the Word of God says in John 8:44. He stands already condemned...judged John 16:11 tells us. In his desperation and pride he seeks to be like God so his kingdom is a warped, evil, twisted semi-duplicate of what he sees and knows of the kingdom of God. Here on Earth he offers a fake Holy Spirit. One that's more a fleshly feeling than an inward moving and knowing. He presents a twisted and compromising gospel. He still presents himself to many serving him in his now tainted angelic form and most having never seen a Holy Angel in their pureness and Holiness of God are often taken in of the still beautiful but tainted appearances of the fallen angels and will worship them.

Discernment given to us by the Holy Ghost Spirit is important for a child of God who calls and knows Jesus Christ intimately as their Lord and Savior, especially in these perilous days our world has entered. We are in the period of tribulation days before the great tribulation itself of 7 years that is upon us. If the devil copies everything that Father God has done for His Kingdom then has he attempted to place power inside names as God has done His power into the Name of Jesus Christ? Yes, he has and through secretive deception he has led many people to stray and into believing he has that kind of power. Lord willing, and with Jesus Christ's help, I will break it down for you. As always, you are instructed in the Word of God in 1 Thessalonians 5:21 and 1 John 4:1 to try, test, discern, and prove all things inside this information I am sharing, as well as the spirit I'm operating in. Then do as the Lord Jesus Christ lead you to do.

I've said this many, many times. It's all about agreements. Lu lu...lucifer and his kingdom of darkness can't do anything legally without an agreement somewhere in the midst of all they do. We see the proof of this in the Word of God in Job chapters 1 & 2. Because Job could not be touched or tested until God allowed it, and then in only the areas of Job's life that God allowed. Notice too, there had to be an existing agreement from Father God and satan for him to test Job. Again, showing it's only through legal agreements at the enemy to launch any kind of attack. In this information I share, Lord willing you will gain the understanding of how even inside the workings of the kingdom of darkness it requires agreements.

Now concerning the information about the devil placing a form of power in a name as he tries to copy Father God who has placed His power into Jesus Christ giving Him that Name above all names the Word of God tells us in Philippians 2:9, here's my understanding. For a name, an item, a person, or situation in the kingdom of darkness to be empowered it has to be done through witchcraft. When you are performing witchcraft, whether you realize it or not you are actually coming into agreement with a demon or demons to see that that action is accomplished that you're seeking to have done, whether it's intended for good or bad. For something to become empowered by the enemy that stays with it like with a name through performed spells, curses, rituals and such like, it has to be through the witchcraft practices that keeps the demon connected

who bound themselves by oath or agreement to what they are performing. This is what they're doing when they place a charm, bewitchment, enchantment and such like on their ritual practices. It works like this. In these types of performed witchcraft there is a pre-existing agreement with the demon or demons that when you call it out in a certain way, which is the way they have agreed to, by summoning or invoking it either in rituals, dances, prayers, chanting, making potions, and such like, then when done correctly, they will either appear before that person, or go out unseen to perform what they have agreed to do when the person correctly performed the witchcraft. So, it's simply an agreement that they have made that's legal and binding in Heaven that should someone perform whatever they have agreed to, they would appear and/or aid them.

Now to go further, here's where they try to deceive people into believing those in witchcraft, they are increasing their power and growing stronger. This is through, by being given the knowledge to call upon higher level demons. This is simply the same conditions as for the lower level witchcraft. Demons have made agreements at whosoever performs the requirements, they shall appear and/or aid them. Here's how the enemy keeps the deception going so people will go deeper into witchcraft and allow more demons to possess them, thinking it's giving them more control over the demons in the spirit realm and the use of their power. When in reality it's actually spiritual and physical bondage for the person performing the witchcraft. Many of the higher level, meaning higher ranking demons' names originally found in languages long forgotten or thought dead, such as what the druid spoke are kept secret.

As a person continues to climb up the ladder of power in the witchcraft world, they begin to be taught some of these forbidden secret names. By knowing these once hidden names and how and what their requirements are for them to be called upon and answered by the higher demons, their power has not increased; simply the demons now answering them are stronger. They are led to believe they're wielding the power of the demon or demons, that they are in actually the one in control but in reality it is the agreement that the demons have when their requirements are met that allows them to assist or aid someone in their evil deeds when their names are invoked or their summoned.

By having knowledge of these names, spells and rituals once hidden, when given to a witch, druid or such like, that's found only in the dead, forgotten, or hidden languages, it limits the access of others in the lower levels of witchcraft to these higher demons. It's all deception. It's all done by agreements and it's to make it appear that these high-ranking druids, sorcerers and such like are all powerful. They are not, Jesus Christ is all powerful, not them! Why am I sharing this? So you don't have to be afraid of these types of things, and you are not ignorant of the enemy's devices. When you take out the hidden secrets, and the mystery around witchcraft of any type, and realize it's simply how every attack is done, it removes the fear around it they try to invoke in the people and the world's population.

A good example, I think showing of the agreement that must be necessary for the enemy to empower a situation, a name, or such like would be the fairytale about Alibaba and the 40 thieves. In the variation I heard growing up the entrance to the thieves' treasure cave was hidden and was only revealed and opened when someone said the magic words, open sesame. There are no such things as magic words. This in fact shows a pre-existing agreement with a demon or demons who has agreed to reveal what's been hidden by witchcraft deception when they're agreed

on requirements were performed correctly. The action they had agreed on to open the door was to have someone say the words open sesame.

Let me point out one little fact that I think it's important in this little fairy tale. The demon showed no loyalty to the thieves because anyone who met the requirements of his oath, his agreement that bound him to revealing and opening the cave entrance by saying the words, 'Open sesame,' were granted access into the thieves' treasure cave, just as Alibaba had done. This is the same procedure for every name they charm, bewitch or such like that permanently attaches a demon or demons to the witchcraft performed. All witchcraft is carried out by demons and is evil, no matter whether you think you're doing good with craft or not. The Holy Bible strictly forbids operating witchcraft.

Now that we know how they can empower a name or any such like thing or situation let's get to the deeper truth. There's no real power in any name, or anything else in the kingdom of darkness except what's made to look as if all powerful by the agreements made and then performed by demons and others. But in Jesus Christ's Name, His Name itself possesses the power of God inside it. His Name alone is all powerful. His Name is Jesus Christ Himself. All that He has done is found inside His Name. Inside the Name of Jesus contains the power of the Word of God for He is the Word of God made into flesh. The kingdom of darkness will never be able to duplicate the power found in the Name of Jesus Christ. They can't even come close. It is Jesus Christ alone in the power Father God imparted to Him that defeated the kingdom of darkness, the whole stinking kingdom. Just saying.

Every form of attack from the enemy starts with a thought that's communicated by actions and words. Your tongue, what you speak and communicate speaks death or life according to Proverbs 18:21. The enemy speaks death in the forms of lies, curses, deception and such like. When you believe and accept his words, his attacks, it can bring spiritual death then physical because usually he speaks lies of doubt first which kills your faith. It causes your faith to waiver and a wavering man, is a double minded man and is unstable in all his ways the word of God tells us in James 1:8. You have power over him through Jesus Christ and His Name. Reject his attacks in Jesus Christ's Name. Stand your ground in holy boldness through the Holy Ghost Spirit inside you. Submit yourself to God, walking in obedience, then when you resist the devil in Jesus Christ's Name he shall flee as James 4:7 tells us.

The kingdom of darkness puts on the appearance of being all powerful, utilizing fear and deception. If you show fear, then they have an opening to start casting spirits of doubt at you. If you are confronted or encounter in your life someone with the title of druid, sorceress, necromancer or any type of higher ranking witch, yes, they will be very evil and if human will have many demons possessing them, but they still perform the witchcraft the same way they have just been granted access to learning the hidden names and secrets for demon spells and such like that someone's more powerful demons that sets them above the lower ranks in the kingdom of darkness. In the end, they're all, every one of the whole stinking kingdom of darkness is subject to the power found inside the Name of Jesus Christ. The power of Father God. He is the ultimate power.

All power has been given to Him Jesus Christ said in Matthew 28:18. Jesus Christ lives inside of all His children and through Him we have been given the spiritual authority to use His Name where all power has been placed also over the kingdom of darkness. Even in this knowledge that you have power over the kingdom of darkness, wisdom should be used when confronting the enemy. We should always ask the Holy Ghost Spirit to guide and lead us in all things, because to be led by the Holy Spirit is to be led by God and to walk in His perfect will for us. We should never confront the enemy directly unless we are being led by God to do so.

It's not that we don't have power over them, but we see Jesus Christ, our example saying when He was casting out a demon in Mark 9:29 & Matthew 17:21, 'This kind comes not out but by prayer and fasting.' This shows us in some spiritual battles we have to be spiritually prepared and that is done by prayer, fasting, being in the Word of God and spending time with the one we love the most and that is Jesus Christ.
