**The Time of Plagues & Pestilences Has Come 10-31-26@9:37 PM Shared 11-3-26**

Daughter, the time of plagues has come to your world, a time of reoccurring, a time of that which was once thought dead or eradicated, and the time of plagues of the new coming beyond the control or containment of the fallen ones' evil plans and agendas, because these I have called forth much like the plagues and diseases and pestilence were called forth upon Egypt. Like what has been sent in times past to the heathens and the stiffnecked, rebellious people who turned from Father God, the God of Heaven and Myself, Jesus Christ, His Son to embrace the ways of the fallen ones.

Many of these have taken on the form of baal worship, the worship of ashtoreth, and moloch. Sacrificing their children the same yet different and offering their bodies and lives in idolatry, sexual immorality, and witchcraft practices that have now found their way in the houses and buildings that once were called My churches. For those who have rejected Me, for I am the only way for true salvation and to My Father, the time of warnings of the plagues of Egypt and of the Deuteronomy 28's blessings and cursings has already arrived upon your world sent out by Holy fire.

The time of pestilences, the time of diseases, the time of plagues, and illnesses that nothing will be able to cure except through My Name has come. Your doctors will fail. Your witchcraft rituals will fail. Your technology will fail, including the medbeds and such like that at first shall show promises of the marvels of technology until the changes made to a person's DNA causes cell failure in the molecular structure of how I created man, of how I created beast and all of creation. I am the Creator. Father spoke and I created all things with the moving of His Spirit. He is the ultimate Creator, but We are One also. Just as His Holy Spirit is One with Us.

Plagues and pestilence of all types I send to your world now. Pestilences inside the earth and water and pestilence and plagues above them. Pestilences in the clouds, plagues, diseases, viruses, and illnesses into the atmosphere they now go. The time of the plagues, the time of the plagues and pestilences is here which includes the 3 days of darkness.

What happens once will happen again, it is written in My Word, always the same in some ways, yet also different. Hidden inside the world's makeup are patterns and cycles. Patterns and cycles the fallen ones and evil men are trying to break, thinking by doing so they can control the world and change the course of the Earth's timeline. This shall never be. For what is Written and given to men by the inspiration, the divine teaching and instruction of My Father's Holy Spirit shall come to pass. It cannot be stopped or altered. It is created into the very fabric and DNA of the earth and all inside the created firmament.

What they have been allowed to change and manipulate as they sought every means possible to remove My Father's Name out of all that's been created...it's DNA, and failed, will aid in bringing forth much of the destruction to the world they live in written about in My Holy Word. This is not including and is separate from My great wrath that will be falling in holy judgment and retribution at the time of the tribulation and great tribulation to come. This time is now.

The enemy seeks to silence you, Daughter. They have failed again. They seek to silence other of My children shouting out My warnings. In some they have been successful, but those like you who have determined they're going to serve Me no matter what the cost, who are carrying their cross daily are like great trumpets sounding the warning cry that danger is approaching.

When a watchman or watch-woman on the wall sees trouble, they are to sound the warning. When the warning is sounded, it means the danger is within sight. The people have only a very short time to prepare before the danger hits. Such as I had you, watch-woman let it be known the darkness for 3 days has been seen. It's in view now by the watchmen and watchwomen and soon shall overtake the city, or in this instance the world. This is the meaning of the words recently given to you to share in which I named you a watch-woman.

Those who have ears to hear and the heart of understanding given to them through time spent with Father and Me should know it really is their Isaiah 26:20-21 moment in time. As the plagues and pestilences go out sent forth by My command, so does this include the gross darkness already poised from above and below to descend and converge on every part of the inside of the created firmament. It shall only be driven back for those of Mine who have light. I am their light's power source for I am the light of the world in many forms.

Plagues and pestilences, diseases and illnesses have arrived. Some will be birthed by the mass deaths and bodies left unburied. Others simply by the commands I have spoken Myself and through My children praying in My Holy Spirit for My perfect will to be done. Hereby all this shall aid in fulfilling the death counts in the open seals of the tribulation period that has now arrived upon your world. This… this Daughter, this is the time of plagues. I send now plagues and pestilences of all kinds of old and new to your created firmament.

A time of trust and faith in Me for those who are here to endure it, there will need to be. This is possible if one seeks My face continually and does not allow fear to overtake them.

It's time to saddle up your horses and ride with Me, 144,000. Are you ready? Yes, yes most of you are.
