

America Face Me Like a Man! I Am a God of War 3-3-26@7:47 AM W/Confirmation 3-6-26

I'm here Father God and Jesus Christ my Love. I heard You called out to me, I am here.

Daughter, it's time to bring the rain to your world, the rain of hail. I send hail, raining hail, chunks of ice small and large upon evil, wicked Babylon. From My Heavens, I shall pour it down like a mighty army against Babylon of old and Babylon new, your nation of America.

She, who has openly defied Me and declared war upon Me, her holy God and Creator for many of your years now. I am a patient God. A God of mercy, love, justice, and understanding. I have patiently waited for you to repent and return to Me. You have known Me as your Holy God of love. You have known Me as your Protector. Babylon-America, you have known Me as your Provider.

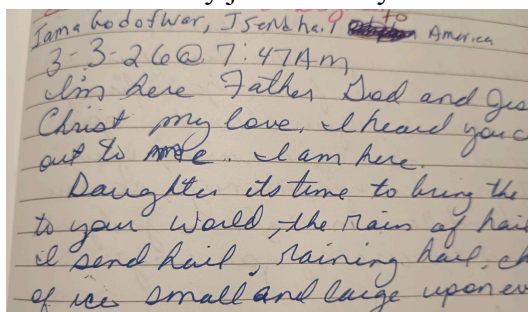

Now you shall know Me as the God, the Man of War!.....

.....Now you shall see how pitiful your attempts have been to stop all from knowing of My existence. **I send the hail! Hail that you cannot predict or control unless I allow it. I rain it down not on one place alone but many, from small amounts to much amounts.**

Have I got your attention yet Babylon-America? I warned you I was going to bury you in snow. Have I not done so? While more has been coming down in places as I open up the treasures of the sky I created against you, where your gizmos and gadgets, and cheap tricks of fallen angel technology shall be revealed as inferior and sadly lacking against the true power of a Righteous Holy God and Judge.

.....But for now, **I send the hail! I send hail with destruction both great and small. This is only the beginning of My holy arsenal Babylon-America.** Now prepare to face your God and King, Your Savior and Lord as a Man of War on this battlefield for a war you started and cannot possibly win. Let all the world take notice of Babylon's plight and fall on your faces and repent.

This word was received on 3-3-26. I gave the wrong date on the video. Here is a partial screenshot of my journal entry for the record and Father God's glory.

The Storm Prediction Center just issued its first Day-4 Enhanced Risk in nearly 300 days — and it targets over 100 million Americans from Texas to the Great Lakes. This is not a drill.

Starting March 4–10, 2026, a train of back-to-back severe weather systems is targeting Oklahoma City, Tulsa, Kansas City, Jefferson City, Chicago, and Saint Louis with tornadoes, tennis-ball-sized hail (2.5"), and 80 mph straight-line winds — all hitting after dark when families are most vulnerable.

In this video, you get exact city-by-city timing, hour-by-hour threat windows, and what NOAA's brand-new Conditional Intensity Groups system means for your safety. Plus: an arctic blast targeting Texas and Louisiana around March 16 closes this brutal 10-day pattern.

2026):

- **March 4–6, 2026:** A multi-day event, with intense storms featuring large hail spreading from the Southern Plains into the Ohio Valley, impacting over 20 states.
- **March 6, 2026:** A severe outbreak, including "large to baseball-sized hail," was projected for Oklahoma, Kansas, and Missouri. 🌩️ EarthSky +3

Would you like to know if specific states, like Oklahoma, are expected to receive more hail this weekend?

Overnight hailstorm impacts areas of Amarillo, marks start of storm season

An overnight hailstorm impacted parts of Amarillo and surrounding areas.

By **Dylan Lewis**
Published: Mar. 4, 2026 at 6:06 PM CST

AMARILLO, Texas (KTDA) - An overnight hailstorm impacted parts of Amarillo and surrounding areas. Around midnight Wednesday morning, many residents were woken up to the sound of hail hitting their homes.

hail storms in March 2026 in America

A significant, multi-day severe weather outbreak across the central and southern United States in early March 2026 is producing large hail, tornadoes, and damaging winds. **Major storms hit Texas, Oklahoma, and the Plains around March 4-6, with hail sizes reaching 2-3 inches**, creating dangerous conditions for residents and vehicles.  EarthSky +4

Key Details for March 2026 Hail Events:

- **Locations Impacted:** The highest risks are in Texas (including the Panhandle), Oklahoma, Kansas, Missouri, and parts of the Midwest.
- **Timeline:** Active weather initiated around March 4, with intense, severe, and large-hail-producing storms continuing through March 6-7, 2026.
- **Hail Size:** Reports indicate very large, destructive hail, with diameters reaching 2 to 3 inches in some areas.
- **Specific Incidents:** A notable hail storm occurred near Memphis, Texas, on March 5, 2026, featuring large hail, while the National Weather Service warned of 2-inch hail and 60 mph gusts

The Brief

- North Texas is bracing for multiple rounds of severe weather starting Wednesday afternoon, with threats including damaging winds, large hail and a low tornado risk.
- A stalled front will keep storm chances high through the weekend, eventually transitioning into a significant flood concern as heavy rain persists.
- Residents should stay weather-aware as temperatures dip into the 50s and 60s following Saturday's cold front.

Mother and daughter killed in storm as tornado, hail hit Oklahoma

By Kerry Breen

Updated on: March 6, 2026 / 9:59 AM EST / CBS News

Add CBS News on Google

A mother and her daughter were killed amid severe storms and a reported tornado in Oklahoma on Thursday night, officials told CBS News, and the state is bracing for more severe weather on Friday.

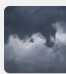

The pair were found in a vehicle on Highway 60 in Major County, and their deaths appear to be "tornado related," the Oklahoma Department of Public Safety said. They had been on the phone with another family member before losing the connection, and the Oklahoma Highway Patrol was able to use that signal to find the vehicle, [CBS affiliate KWTW reported](#).

The department did not identify the pair except to say the mother was
