

## **The Scheme of Familiar Spirits in the Church 5-4-26 at 9:40 AM**

Fallen angels, witches, and such like cover themselves with familiar spirits of religion inside the churches. This is done by agreements that have been made with the familiar spirit demons in their kingdom and are attached to them through witchcraft practices using spells, incantations, charms, bewitchments and such like. They are copiers, imitators of the sweet Holy Ghost Spirit's presence and power operating in past times church services of the children of God and observing them closely. This technique has been perfected after centuries of infiltrating the churches after first weakening their holy discernment which is only possible through the Holy Ghost Spirit's power.

When the devil began sending out lying spirits of trickery that would whisper into the believer's ears that Holy Ghost Spirit's power was no longer available for them, but for only for the apostles and the disciples of the past, some begin believing it and accepting it as a truth, this is when lu lu lucifer's foothold grew in the churches.

But why would they believe such a lie? How was this possible? It's really quite simple. It's the little foxes that spoil the vine the word of God says in the Song of Solomon chapter 2:15 which says, 'Take us the foxes, the little foxes, that spoil the vines: for our vines have tender grapes.' This verse gives us the warning of how, that small, ignored compromises, habits, or sins can destroy spiritual growth, relationships, or character before they fully mature. It highlights that minor issues, rather than large threats, often cause the most damage.

By this verse we can begin seeing this is evident what has occurred in the past to now inside the churches. By any form of compromise in the life of the believer from the full truth found in the Holy Word of God, which sometimes can be unknowingly done, you form an agreement or such like with the kingdom of darkness. If not broken and repented of in the power of Jesus Christ Name, it will eventually lead to sin if you continue to compromise, if it hasn't cause you to do so from the beginning. This will also allow lu lu and his kingdom legal rights to operate in the believer's life and all that pertains to it. Such as homes, lives, situations, business activities, churches, schools and such like.

There have been teachings of the past that have come out with this false doctrine that the power of the Holy Ghost Spirit is no longer available for modern day people, so there is evidence of at least one person listening to the lies of the devil. Denying the power of God and His Holy Spirit is an open door for the enemy to come in just as it has done. When Jesus Christ looks down at His church does He see His believers operating in faith what His Holy Word says? Or does He have to ask, "Where's the fire church? Where's the fire of the Holy Ghost Spirit operating in your lives?"

The plot, schemes of the enemy's kingdom was to disarm the children of God of the power of the Holy Ghost Spirit, because through Him we can discern and recognize their evil presence in churches, inside people, inside situations and such like...in all things. Through the Holy

Ghost Spirit in the power of Jesus Christ's Name is how we cast demons out of people. It's how we loose the enemy out of situations or bind them from attacking us and such like. This is why we are told to be led by the Holy Ghost Spirit. This is why the enemy had to find a way to infiltrate the churches. Again, they do this by covering themself with familiar spirits.

So how do we know that the Holy Ghost Spirit is available for all of us to work in His power today? Jesus Christ came to save all people. We know this by John 3:16. He wishes for all to be saved, none to perish. The Holy Ghost Spirit comes and lives inside of a person just like Jesus Christ and Father God does when a person repents of their sins and accepts Jesus Christ into their hearts as their Lord. By this we know the Holy Ghost Spirit is for all who believe of Jesus Christ and not just some. John 16:13 makes this very clear. In addition, we know that Jesus Christ is all powerful, that he has been given all power from Father God as Matthew 28:18 tells us. Hebrews 13:8 tells us Jesus Christ is the same yesterday, today and forever, meaning He is constant and unchanging. His power never diminishes nor fades. In Romans 2:11 we are told that God holds no respect a person, so we're all equal in His eyes.

The Word of God reveals a pattern in Jesus Christ's life when it is studied out, shows that is was only after He was baptized and the Holy Spirit descended on Him like a dove, did He begin His ministry which included performing miracles and casting out demons. This also was after He was led up of the Spirit into the wilderness to be tempted of the devil as Matthew 4:1 tells us. This is Scriptural evidence Jesus Christ followed the Holy Ghost Spirit's leading and was the power He operated in while walking the earth as both God and in a man's flesh. Now that we've established the importance of the Holy Ghost Spirit in a believer's life, it's easier to see how the enemy plans his schemes, and how he has been able to infiltrate the churches, and it has worked in a lot of churches.

This is a kingdom of darkneses condensed version, a breakdown of how they operate infiltrate churches by familiar spirits and other such like:

First, study the church, people, situations and services.

Second, begin casting doubt through lying spirits and such like that the Holy Ghost Spirit's power is not relevant for today.

Third, as doubt begins to creep in, the enemy finally makes initial contact to a church or church member and like a little fox after having studied the actions, reactions of those who have operated and felt the true moving of the Holy Ghost Spirit's power and presence, they will manipulate a person or situation to grant them access into a church. (Preferably by hidden agreement of some type.)

Fourth, they begin slowly infiltrating, making friends and connections by setting themself up into positions.

Fifth, they remain in the shadows at first as they operate subtly so that their presence will go undetected as one of the enemy, but will also become familiar to all around them.

Sixth, they begin stepping out and counterfeiting the power and move of the Holy Ghost Spirit after gaining the trust of the members of the church, which is easily done when compromise has come in.

Doubt of any kind is a faith killer, but doubt in the Holy Ghost Spirit's full power operating in our lives as it did Jesus Christ and others before us leaves us vulnerable and at times defenseless. Without the Holy Ghost Spirit's power working in a believer's life, then it makes distinguishing between good fruit and bad extremely difficult or impossible. Without this holy discernment how can you know of the evil that is really surrounding you, and that friend, that preacher, that song leader, that other member and such like are really the enemy and simply covered by demon familiar spirits.

This is how the enemy has infiltrated the churches, but this can be applied to almost every situation in a believer's life. Remember the enemy wears these familiar spirits and others like garments of covering that cloak their true evil nature and intentions. These types of enemies and people have become so familiar to the church members, religious societies in most of the present day churches. After many years being unchallenged by the members and such like, as they worked inside the churches and their organizations for so long, most believers of Jesus Christ have not always been able to tell the difference, and if they do realize it, it's usually after a horrible incident has occurred in the church.

The majority accept the enemy's familiar spirits as the real Holy Ghost Spirit's presence, because through compromise and not having a close relationship with Jesus Christ, most have never really experienced this sweet power of the Holy Ghost Spirit moving in their lives that they have been able to determine was Him. All they have known is the fake demon spirits pretending to be the Holy Ghost Spirit.

This is how deception works. By familiarity. What you have grown accustomed to in your life. This is why they are familiar to you and why you so easily embrace them. When something is familiar to you, it's natural for the body to relax around it, But with it also comes a false sense of security, that this is a safe situation you're in. Now more than ever the true body of Christ must get back into the Word of God, depending solely upon Jesus Christ and the sweet Holy Ghost Spirit. We must draw closer in our relationship with Father God and Jesus Christ and we must learn to try, test, and discern everything. All things like the Word of God tells us to do, and we do it through the power of our lovely Jesus Christ's Name.
