

The Saving King, August Sorrows & America Falls 8-11-26@4:14 PM Shared 8-15-26

"Daughter, Daughter, beloved of My heart, I wanted to speak with you again." "I'm here my lovely Jesus Christ, I'm here."

Seasons come, seasons go. I have spoken this line to you not long ago. But seasons do not only refer to happenings in your life. Such as a season of hardship, or a season of prosperity, or a season of peace, or a season of war. It also refers to the four seasons of Creation for the Earth which begins with Spring and its spring equinox. Summer and its summer solstice. Fall as in the fall equinox and Winter as a winter solstice. This is how man identifies these head days of each new season.

I speak to you Daughter of the season of woe. Your nation falls in the fall, but which of her falls am I referring to? That is what one must seek out.

To many in the world I am just a prophet, a teacher, but not the Son of God who had the flesh of a man that was God too. They are wrong!

I have been known by many names and one I called Myself to you Daughter of Mine, not once but twice over is the title, the Saving King. To you, I'm just that and more. It's within the fall, before your nation falls, this one particular one I speak of, that the invitation you received by mail from Me, you're Saving King so long ago, this event is now to occur. You have waited long for this time. Your wait is almost over O' Daughter, Love of Mine.

I mention it now because the dream of which I speak, 'The Saving King,' I gave you in 2023 holds the key to which fall I speak of and was attributed to first, before the four chain link suddenly had their positions rearranged.

Hear Me now O' beloved Daughter it won't be long. But before this time arrives, for it's almost here My beloved, faithful Daughter, sorrows comes in August with the enemy celebrating a martyr's death and finishing what they started with him soon after.

Those who have ears to hear and eyes to see, then so be it.
Those who do not understand My words, then so be it.

Many dreams I have given you, Daughter with visions and words too. So many, that many doubt they could come from Me. Yet the fact that they come so quickly, daily, nightly should make men pause and think, because your dreams started before AI was commonly used by people like you to have to write out such things. Nor could a mere human mind write down dream after dream and they be consistent with one another, with many already having been revealed as the truth within them. And Daughter I am this truth. Daughter of Mine, you shall dream until the very end of all days. I told you in 2019 I had dreams for you to share. Also other things. Against uneven odds at first, you still continued to share the dreams, visions, and words, even the things I have taught you because your heart is for My people, My children. I'm not uplifting you Daughter, I'm stating the facts to say this. I speak to you My Daughter, deliver now the words that I speak.

Sorrow comes in August's end, for Babylon-America and her people. A fall that shall shake the world. There're many types of falls Daughter, and this shall not be the last, but a first that has been written about in My Holy Word.

But to the scoffers, mockers, the slothful, the doubters, and the unbelievers of Me, I say I'm about to get your attention! Hear Me what I say and understand!

In the land of the bear, Putin sits on the throne, the seat of power. He wears his crown well and with dynamic charm and seducing words he has been able to cause many to join his evil coalition. With a serpent's tongue, he speaks peace, while he has already prepared in order, his nuclear and other missile strikes on America-Babylon's evil soil.

Now he sits patiently for the time to strike. As all eyes will be first on China, the king of the East's land and America-Babylon. Too many battles your nation tries to fight to try to remain the big dog bully as your world calls their top powers sometimes. Your ammunition and firing abilities in many areas have dwindled down as I have spoken it would, while the government officials try to hide it from the public. In addition, there is sabotage coming from within the Pentagon building as many try to forcefully remove President Trump before I say it's time.

I say also to those with listening ears, Putin fondly rests his hand upon the controls of destruction and his main goal is America-Babylon, but Ukraine must fall also to the bear's control in time for the land to be joined together as the Battle of Gog of Magog is fought. Xi Jinping is now fully prepared and capable of taking Taiwan, and he will Daughter as time progresses.

The fall of America-Babylon has begun already and it's evidently seen to many around the world. Except for those that live inside America-Babylon's walls that still live in the ideology that America the land of the free can't be touched. Take off your rose colored glasses and see the facts. You fall, and fall hard, with sorrows, many sorrows in August. Then another fall of a different kind with many not only in Babylon falling victim to the enemy's evil plans.

Watch closely and heed My words. As Righteous Judge I say, she will fall again, but not until the last trumpet has sounded and I come for My Bride. Then, only then, will Babylon-America fall again in such a way she will not recover. Followed shortly by another Pearl Harbor type event. The same yet different.

So, Daughter, I'm your Saving King, and I say three moons till darkness which did occur, the three moons shall come again too. The same yet different. It's now once again three moons till the darkness comes.
